Heavy Rains Flood Area

Water Covers Roads, Causes Crop Damage

HIGH WATER—and we do mean high! Under normal conditions the bottom of the trestle that carries the Rock Island tracks over U.S. 45 is 14 feet above the pavement. When this picture was taken last Friday morning torrential rains had coursed down the highway and from off surrounding land so there was approximately 10 feet of water in the subway. Needless to say that 'Slow' sign in the right foreground was not needed unless the person approaching it was in a submarine. State police barricaded Route 45 and detoured traffic over 191st street and the first road going north, west of Route 45. (Marvin Smith photo)

St. Mary's Parish Plans Fiesta

Members of St. Mary's parish of Mokena have completed plans for their annual festival. The giant affair will be held at their hall on 195th st. and Wolf road, Mokena, starting Friday evening July 12. As usual there will be many and varied attractions to interest everyone. The proceeds from the 10 day affair will go to help defray the cost of the new school and church which was completed late in 1955.

The committee in charge advised everyone to "Follow the light in the sky" and go to St. Mary's fiesta. On the closing night, July 21 a Ford custom tudor will be awarded as well as other prizes.

As an added attraction, a home cooked, family style, chicken dinner will be served in the hall Sunday, July 14 starting at noon. There will be home made cakes and pies.

The slogan is "Come to St. Mary's dinner and fiesta and have a carnival of fun."

Mokena Amvets Send Delegates to State Convention

Three members of the Mokena post of the Amvets, and their wives attended the state Amvets conclave at Champaign, June 29 and 30.

Mr. and Mrs. Charles Hostert, Mr. and Mrs. Andrew Zink and Mr. and Mrs. H. B. Opitz made the trip. Mrs. Hostert and Mrs. Zink were delegates to the Amvets auxiliary convention while their husbands represented the Mokena post as delegates to the state conclave.

Opitz was an alternate delegate. Mrs. Opitz is junior vice president of the fourth district of the Amvets auxiliary.

The U. S. ranks 15th among 17 countries where figures are available in the amount of dairy products eaten per person, says the USRA.

Boy Suffers Injury As Mower Backs up

Lowell Noodwang, 14, son of Mr. and Mrs. Henry Noodwang, 20549 Wolf road, Mokena, suffered injury to a toe last Sunday morning. He was using a rotary lawn mower, mowing the lawn at their home, when the mower apparently hit a stone and backed up. It then ran over his left foot cutting a toe quite badly.

Dr. Irving Rudman of Hedges clinic was called and the boy was taken to Silver Cross hospital. Lowell returned home with the understanding that if the wound caused trouble within three days, he would have to return to the hospital for further treatment.

His brother Timothy, 19, figured in an auto accident last week when the car he was driving was struck from the rear, causing injury to his neck, arm and leg.

Transportation Costs Low at Lincoln-Way

For the second consecutive year, the Lincoln-Way transportation system was operated on a very low per capita cost and per bus mile. In completing the annual report for the state reimbursement, Supt. A. Hunter Champman reported a per capita cost of \$33.34. The figure compares to a similar cost last year of \$39.04. Even last year the Lincoln-Way costs were the second lowest in Will county. This saving was due to the additional 81 pupils transported using the same equipment and the same number of drivers. Several buses made two trips, and the New Lenox bus made three trips and averaged approximately 180 pupils per day.

As the school enrollment is again increasing for next year, it was necessary to purchase an

Eleven Pay Fines at Mokena for Violations of Traffic Regulations

Eleven traffic cases have been disposed of in Mokena in the past week, according to the records of Police Officer James Smetana, who made the arrests. The hearings were held before Justice of the Peace August Werner.

Previous to last Thursday most cases were disposed of at the home of the justice of the peace but from now on, according to village authorities, they are to be held at the village hall. Since such instructions were given Justice of the Peace Werner has held but one hearing at his home and that was on Monday night, July 1. The defendant was George Nichlos, 45, of 5925 W. 89th place, Chicago, who is alleged to have threatened to make it expensive for Smetana because of the arrest. Officer Smetana arrested Nichlos Saturday on a charge of driving 45 miles an hour in a 30 mile zone on Wolf road.

Smetana reported that he jumped in his car and followed Nichlos after the latter had almost run him down at Wolf road and Front street. Smetana said that Nichlos had been drinking. Nichlos was found guilty on the speeding charge and fined \$5 plus \$2 costs. He had been instructed to appear Wednesday but instead came to Mokena last night and went to Werner's home, Smetana said.

Other fines: Frank D. Kennelly, 220 Henderson ave., Joliet; Thomas L. Lock, Kankakee county; Henry J. Scholtes, 2437 Berry st., Joliet; Edward Carter, 3329 W. Fulton, Chicago; Ray Altieri, 30, 608 Ohio st., Joliet; Mario S. Monteleni, 32, Chicago Heights and Howard Anderson, 59, 305 Mills road, Joliet, were all found guilty of running stop signs and each was fined \$3 and costs.

Keith W. Liston, 17, 52 W. Front st., was fined \$3 and costs for driving a car with plates issued for another that the family had owned.

Dale Martinich, 33, of 1300 Dearborn, Joliet, was fined \$3 and costs for running the safety gates on the Rock Island crossing on Wolf road and Harry E. Hohenshell, 1006 N. Raynor ave., Joliet, a music teacher, sounded a wrong note when he parked on the wrong side of Front street. He was fined \$1 and assessed \$1 for costs.

Clarence G. Mast, Public Service Co. Employee, Retires

Clarence G. Mast, Mokena, retired July 1 from Public Service Co. He was a locomotive crane operator at the Joliet generating station, his work location thruout his 15-year career in the utility.

Mast is a member of St. John church at Mokena, and Mt. Joliet lodge, A. F. and A. M. He plans to remain in Mokena where he enjoys his hobby of gardening.

The Masts have a son, Robert, of Hartsdale, N. Y., who is employed by the Chicago Tribune in its New York office.

For highest quality hay, cut legumes in the early-bloom stage.

Lincoln-Way Board Hires 4 New Teachers

The Lincoln-Way high school board has employed four new teachers for the 1957-58 school year. Three of these teachers will replace Miss Marilyn Reader, Arthur Contois, and Mrs. Lassie Kirchoff who were not applicants for the ensuing year. One position still remains open, a teacher to head the business education department and to teach bookkeeping and advanced office practice.

Miss Mary E. Fulton of Northbrook will teach four classes in junior English and one class in U. S. History. Miss Fulton re-

cently graduated from the University of Illinois with a B. A. degree where she had majored both in English and social studies. In college, she participated in the college glee club, was a freshman student advisor, and a member of the Student Senate. Miss Fulton graduated from New Trier high school at Winnetka where she was also active in many of the extra-curricular activities.

Miss Elizabeth Ann Smith of Lee Center, Illinois will teach in the business education department and will be teaching typing and a new course in gen-

eral business. Miss Smith is a graduate of Viola high school and Monmouth college where she received her degree in 1955. She has two years of teaching experience at the Bath and Chatsworth high schools. At the present time, she is enrolled in summer school at the University of Illinois where she is working on her master's degree. Miss Smith has also received considerable training in music and had some teaching experience in vocal music in her other teaching positions.

Thomas E. Hake of DeKalb, Illinois was employed to teach freshman general science and one class in biology. Mr. Hake received his B. S. degree from

(Continued to page 2)

Close to 100 million flowed into the Louisiana treasury from oil industry sources in 1956.

(Pictures on Page 12 Sec. 2)

Heavy rains that swept the area last Thursday night and Friday morning, flooded highways and basements and caused creeks and drainage ditches to overflow.

Considerable damage was done to growing crops as many fields were under water.

Hickory creek was one of several streams in the area to overflow adjoining land and at New Lenox the flood water came up over Cedar road, west of the Rock Island tracks and spread into the yard of the New Lenox Lumber Co.

U. S. 30 was under water for blocks in the vicinity of U.S. 45 and Route 45 was closed to traffic all day Friday because of the mass of water in the Rock Island subway, north of 191st st.

4 Inches of Rain?

The pavement slopes steeply on both sides of the subway so that it forms a trough. Water coursing down the highway and running off the land on either side piled up in the subway to a depth of approximately 10 feet and for a considerable distance on both sides of the highway resembled a swiftly flowing river.

There is no weather station in the immediate area nor is there any business firm equipped with a rain gauge so the amount of rainfall was not available. It was believed, however, that approximately four inches of rain fell in portions of the area.

Tinley Park appeared to have less rain than Mokena, Frankfort, New Lenox and Orland Park.

New Lenox had a lot of water coming down the slopes on the south side of town to create a nasty situation there.

Considerable water settled in low parts east of Orland Park. Residents in low spots within the village had their troubles too.

Up to Hubs

U. S. 6, between Marley and the junction with Wolf road was inundated in several sections and cars were plowing thru hub deep. Similar conditions were reported on U.S. 30, near Frankfort.

A number of cars became stalled on Wolf road near U.S. 6 when water shorted out ignition systems and had to be towed out.

Three years ago, June 27, the area experienced similar flash flood due to a terrific down-pour. At that time lumber was carried out of the New Lenox yard at New Lenox down into Joliet by the rampaging waters of Hickory creek. A few streets in Tinley Park were flooded but there did not appear to be as much excess water there last week as on previous occasions when there was a heavy rain.

The weather bureau denies that the hurricane Audrey was responsible for the rains in the Chicago area last Thursday and Friday. Rains born of the hurricane caused considerable damage in southern and central Illinois and Indiana but did not quite reach Chicago.

Fully 99 per cent of Texas' 25,732 miles of farm-to-market roads are surfaced with petroleum asphalt.

Girl's State Was Wonderful, Says Delegate

Willa Schroeder, 17, of Frankfort, who has returned from Jacksonville where she attended Girls' State, the practical school in civics and government sponsored by the American Legion Auxiliary of Illinois, is an enthusiastic advocate of the project.

"The experience of living at Illinois Girls' State is one which I wish everyone could have shared," Miss Schroeder said. "To watch government in action and to be a part of it is something most of us will never forget."

Miss Schroeder, who will be a senior at Lincoln-Way high school next fall, has summarized her experiences at Girls' State, as follows:

"The state was made up of seven counties, having 25 cities. Each girl belongs to a city. I was in Kellogg, a city of Haywood county. Everyone belongs to either the Nationalist or the Federalist party. Party conventions were held previous to the state elections.

"Three elections were held in each city. They were for state, county and city officials. I was fortunate enough to be elected city clerk of Kellogg. Most of the girls wanted to run for county and state offices because they thought the city offices were not very important.

"But a point was brought out by Mrs. Lunde, the director of court activities. She said: 'The city government is the hub of the wheel of government. If city government is not in correct order the county and state governments cannot function properly.'

"Petitions were issued for general assembly, county and state offices. They had to have the proper signatures etc.

"The last day was spent in Springfield. A tour was made thru the state capitol and Lincoln's home and tomb.

"A variety of 'Especially For You' programs were given. Every one enjoyed the meals and the hospitality was wonderful."

Northern Illinois State College

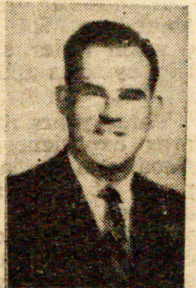

at DeKalb and has completed most of his work for his master's degree in the field of science. Mr. Hake was a member of the varsity football team for two years and participated in all other sports while attending high school and college. He will coach the freshman basketball team at Lincoln-Way. His father, Irwin Hake, is the former superintendent of schools at Naperville. Mr. and Mrs. Hake will reside in New Lenox.

Ralph W. Christison of White Hall, Illinois was employed to teach mathematics and freshman general science. Mr. Christison graduated from the White Hall

High School and received his A. B. degree from Illinois college at Jacksonville. He attended Mass. Institute of Technology one year, University of Tennessee one term, and received his master of education degree from the University of Illinois. During his attendance at Illinois college, he was active in all sports, winning eight letters in college and was captain of the football team. From 1952 to 1956, Mr. Christison was in the U. S. Air Force and was stationed all over the world. In addition to his regular teaching assignments, he will assist with some of the audio-visual education work and will work with the freshman baseball team.

Mokena, New Lenox Girl Scouts Hold Day Camp in Park

"Butterflies" of all types invaded the Mokena Community Park last week as the Mokena Girl Scout troops, including one fifth grade troop from New Lenox, began their annual day camp. Due to rain on Monday, the opening flag ceremony was held in the public school gym. Skits were presented, and plans were made for the next day. After lunch, the sun came out enabling a "fly-out" to the park.

On Tuesday, flag raising was held in the park. Handcraft projects were begun. Archery was enjoyed by the eighth grade girls under direction of Boy Scouts, Mark Muehler and Danny Williams. Delicious meals such as spaghetti and meat balls, Texas hash and hot dogs were cooked in the various units.

Rain on Wednesday again forced the "butterflies" to seek refuge in the school where singing, games and basketball took place. All enjoyed the rainy day menu of barbecued hamburgers. Camp closed early that day.

Activities were resumed in the park on Thursday. Mrs. George Bills visited the units and led them in song. Mrs. Snyder and Mrs. Montgomery, official Girl Scout visitors from Kankakee, were present. Chili, hot dogs, tin foil cookery and coffee can cookery were on the menu. Rain again forced the camp to close early. Plans of the seventh and eighth grade scouts to stay overnight were cancelled.

Rain continued on Friday morning causing the use of the school. Singing took place under direction of Mrs. George Bills. Games were played. After a delicious lunch of "Bags of Gold", prepared by the seventh grade troop, ice cream and cookies were served. The flags were retired, and "Camp Fly-away" was officially closed at 1:30 p.m. The day camp committee wishes to thank all who participated and made this Girl Scout day camp possible.

Flora Maute Estate of \$11,000 Left to Brother's Family

Miss Flora F. Maute, late of Mokena, who died April 9, this year left an estate valued at \$11,000 in personal property, according to records in the office of Probate Clerk E. B. Workman.

Miss Maute left a will, signed Sept. 26, 1925, under which the estate with the exception of bequests of some personal nature, was left to Gussie and Herman Scheer. Mr. Scheer was named as executor.

They preceded her in death and a clause in the will directed that in such contingency the estate was to be divided equally among her brother, Adolph J. Maute, Carrie M. Maute, wife of Adolph and Arlington Maute, his son.

Adolph Maute predeceased his sister so the surviving residuary legatees are his wife and son, who reside at 2300 N. Raynor ave., Joliet.

Since the late Herman Scheer had been named as executor or originally it was necessary to file a petition for appointment of an administrator with will annexed. This was done by Attorney Michael Orenie, the petition asking that Arlington Maute be named. Hearing on the petition has been set for July 30 by Probate Judge Stewart C. Hutchison.

The personal effects bequeathed under the terms of the will apply to some steel engravings and a pair of earrings.

Burglars Active But Unsuccessful

Burglars have been active in New Lenox-Frankfort area the past week.

An attempt to open the safe at the Economy Food Mart U. S. 30, New Lenox, was unsuccessful but the safe was damaged. No merchandise was taken but the coin box on a soft drink dispenser was pried off by the burglars.

Deputy Sheriff Charles Timm who investigated the break-in was of the opinion that the burglars took fright and fled.

On Tuesday night of this week a thief or thieves broke the glass in the door of the A. C. Bauch service station at Frankfort to gain entry. The person who broke the glass suffered a severe cut, according to the bloodstains and shreds of skin on the glass.

Some change, flashlights and cigarettes were taken.

On Sunday night someone broke into the Kenneth Oetter home at 260 Nebraska st., Frankfort, and ransacked the place. Nothing was taken however, according to the report at the sheriff's office. An attempt to enter the home of Justice of the Peace Wesley Hollstein next door at 258 Nebraska, was unsuccessful.

There was a report current in Frankfort Tuesday that the burglars had been apprehended but at the sheriff's office it was stated they were still at large.

Inhalator Squad Aids Christy Sippel

The inhalator squad of the Mokena volunteer fire department was called out Tuesday morning about 6:30 o'clock when Christy Sippel, 65, a resident of Front street, Mokena, experienced difficulty in breathing.

Oxygen was administered and Mr. Sippel was removed to St. Joseph hospital, Joliet. He is still under oxygen but his condition is reported as improved. Attending physician will not make a diagnosis until various tests have been finished.

Hold Funeral For David, Dale Harmon

Graveside services were conducted in Pleasant Hill cemetery Frankfort, Saturday June 30 by the Rev. Ben F. Day of the Frankfort Methodist church for the twin sons of Mr. and Mrs. Floyd L. Harmon of Lincoln Estates.

The twins, David Wayne weighing 4½ pounds and Roger Dale, weighing 2½ pounds were born in Silver Cross hospital, June 27. They passed away June 28.

Surviving besides their parents are two brothers, Robert and Donald, grandparents Mr. and Mrs. James Dixon, Sr., and Mr. and Mrs. Fred Harmon, all of Lincoln Estates.

Production from the average well has to carry the cost of two-thirds of a dry hole in addition to its own costs.

Ice Cream - Turned By Hand - To Feature Frankfort Social

The members of the senior Youth Fellowship of the Frankfort Methodist church, are bursting with zeal and enthusiasm these days, so much so, that they are willing to throw modern convenience to the wind and go back to the happy days of brawn and vigor.

To prove this, they are going to sponsor an old-fashion ice cream social Wednesday evening July 10, and will make the ice cream themselves, the hard way. During the evening of July 9 and the day of the 10th they will take turns in manning the hand freezers to make the ice cream. They state they have the good old fashion recipe for ice cream and that is what they will use. They will even make enough so that, if there is any one who cannot attend the social they may come and buy the ice cream in the bulk and take it home.

Ice cream will not be the only thing in the line of refreshments. There will also be cake, pie, all home made; coffee, lemonade and appropriate sundae toppings. Refreshments will be served cafeteria style. The social will start at 6:30 p.m. on the lawn of the church at 138 Hickory st., Frankfort.

The young people invite everyone to attend and have a good time with them and reap the results of their pleasant work.

Elephants, alligators, turtles and poll parrots have an average life span of 100 years or more.

Women's Clubs Will Aid Civil Defense Program

State civil defense chairman of the Illinois Federation of Women's clubs, Mrs. James Bailey, Chicago, will supervise "Operation Alert 1957" for Third District on Friday and Saturday, July 12 and 13 at the Museum of Science and Industry, Chicago from 9:00 a.m. until 3:00 p.m. Mrs. Bailey is a member of Third District and also of Beverly Hills Women's club.

The following Third District officers will participate in this period of training for community survival: Mrs. Edward M. Durkee, Chicago; Mrs. Frank Wicks, Palos Heights, and Mrs. Vincent V. Holmberg, Chicago.

The civil defense chairmen who will attend from the third district are, Mrs. Raymond Bohne, Chicago; Homewood Woman's club; Mrs. H. C. Sanders; Fernwood Evening Woman's club, Mrs. Elliott Bobbe, Beverly Hills Woman's club, Mrs. Charles Bacon.

Coming Events

Wed., July 10, Old fashioned ice cream social, lawn, Frankfort Methodist church starting 6:30 p. m.

July 12-21, Fiesta, St. Mary's hall, 195th and Wolf road, Mokena every night and Sunday afternoon.

Sun. July 14—Chicken dinner, St. Mary's hall, 195th and Wolf road, Mokena starting at noon

For the first time in oil industry history, crude oil production passed the seven million barrels daily mark, and the total value of crude at the well topped seven billion dollars.

Her finger tip veil was caught with a pillbox shaped head piece. She carried a white prayer book topped with a white orchid and stephanotis.

Mrs. Clarence Bettenhausen, Jr. was matron of honor and Mrs. Leroy Bettenhausen and Mrs. John Unzicker were attendants. Their blue silk organza waltz length gowns were complimented by blusher veils held by circlet head pieces. They carried colonial bouquets of blue carnations.

Denise Bettenhausen, niece of the bride, who served as flower girl wore a floor length blue crystalet gown with a butterfly bustle, a circlet head piece with a blusher veil. She carried a miniature blue carnation bouquet.

Daniel Kupchick of Markham was best man and Jack Christensen of Riverdale and Daniel Walsh of Blue Island were ushers.

The bride's mother chose for her daughter's wedding a gown of silver gray with blue accessories. Both mothers had a white orchid corsage.

A special guest was the bride's grandmother, Mrs. Katherine Andres, who wore a gown of blue lace with pink and white carnation corsage.

A reception for 600 guests was held in the VFW hall in Harvey where a buffet supper was served. A five tiered wedding cake centered the bridal table. Mrs. Catherine Bartholomew served the wedding cake. Miss Joan Nelsen of Homewood was in charge of the guest book.

Following a motor trip to the New England states, the couple will reside at 17226 Oak Park avenue, Tinley Park, where the bride operates a beauty shop known as 'Vi's House of Beauty.' The groom is employed in the engineering department of the Public Service company.

Eleanor Schilling, of Frankfort Becomes Bride of Ernest Mersch, Jr.

Miss Eleanor Schilling daughter of Mr. and Mrs. John Schilling, of Frankfort, and Ernest Mersch, Jr., son of Mr. Ernest Mersch, Sr., and the late Mrs. Mersch, of Dowagiac, Mich., were united in marriage Saturday afternoon, June 8 in the Good Shepherd Lutheran church, Frankfort.

The pastor of the church, the Rev. Adolph Ullrich officiated at the double ring ceremony at the altar decorated in plums, lillies roses and peonies.

Walter Christian, cousin of the bride presided at the organ also accompanied William Wians, when he sang, "Oh Perfect Love", and "The Lord's Prayer."

Escorted by her father, the bride wore a gown, made by her mother, of white embroidered nylon over satin. The fitted bodice had a sweetheart neckline with a stand-up collar, short sleeves, with gloves. The scalloped full skirt, of waltz-length, was dotted with rhine stones and trimmed with lace. Her finger tip veil was caught with a rhinestone tiara. Her jewelry was an iridescent crystal necklace and earrings and a diamond studded watch, the gift of the groom. She carried a bouquet of white carnations with mock orange blossoms tied with ribbon streamers.

Mrs. Eileen Olson, matron of honor wore waltz length gown of pale yellow embroidered organdy, with a scalloped neckline bodice. Her attire was complimented with white gloves and a small floral hat.

The bridesmaid, Miss Judith Sylvester, niece of the bride,

wore Nile green embroidered organdy, scalloped neckline, white gloves and a small floral hat. Both carried a bouquet of pink carnations with streamers of tiny roses.

Peggy Schilling, niece of the bride, was flower girl. She wore a pink embroidered nylon dress of waltz length, white gloves and a crown of flowers. She carried a satin basket of rose petals.

Albert Mersch served his brother as best man; Norman Olson was usher and little Jimmy Bell, nephew of the bride was ring bearer. All men of the bridal party wore summer tuxedos with a white carnation boutonniere.

The bride's mother wore a light blue embroidered street length gown, a white hat and gloves and a white carnation corsage.

The wedding reception was held in the Frankfort village hall where 175 guests were present.

For the wedding trip, the couple motored thru Michigan and Wisconsin and are now living at 142 Walnut st., Frankfort.

The bride was employed by the Goldblatt's department store in Park Forest. The groom is employed by the Subbert Trucking Service in Frankfort.

Miss Violet Bettenhausen Becomes Bride of Vernon N. Doolewerdt

Mr. and Mrs. Vernon Doolewerdt

At a candlelight service in the Tinley Park Methodist church Saturday evening, June 29 at 7 o'clock, Miss Violet Bettenhausen became the bride of Vernon Nelson Doolewerdt.

The bride is the daughter of Mr. and Mrs. Clarence A. Bettenhausen of Tinley Park. The groom is the son of Mr. and Mrs. Andrew Doolewerdt of Harvey.

The altar was decorated with white gladioli and blue daisies in identical vases and baskets. White satin ribbon bows marked

the reserved pews.

Mr. Walter Wehr played organ selections as the guests assembled and also accompanied Earl Koster of Glenwood when he sang "Because" and the "Lord's Prayer."

Escorted by her father, the bride was lovely in a gown of ice blue Dupioni silk with insets of imported embroidered Alencon lace. The skirt of the long sleeved gown was fashioned with a small train which was arranged into a bustle effect for dancing later in the evening.

Mr. and Mrs. James E. Hearn, Jr.

The wedding of Miss Diane Elizabeth Neuls and James Edward Hearn, Jr., took place Saturday, June 15 in St. Mary's Catholic church, Mokena at 2 o'clock.

The bride is the daughter of Mr. and Mrs. William Neuls, 35 Bryant st., Mokena, and the groom is the son of Mr. and Mrs. Hearn, also of Mokena.

The Rev. Cecil Koop, pastor of the church officiated at the single ring ceremony. The church was decorated with white gladioli and red roses.

Mr. Neuls escorted his daughter to the altar. She wore a gown of white lace with a ballerina length veil and carried a cascade bouquet of white carnations. Her jewelry was moon stone ear rings and a wrist watch, the gift of the groom.

The maid of honor was Miss Arleen Riley of Chicago. She wore a dress of pink net with tiny blue flowers applied on it. Her flowers was a cascade of pink and white carnations.

The groom was served by Robert Olson, as best man and Henry Bottema of Chicago was the

usher.

The bride's mother wore a sheath dress of brown and white with white accessories. The groom's mother chose a blue dress with a full skirt. Both had white carnation corsages.

Special guests were the grandparents, Mrs. John Neuls of Winnipeg, Canada and Mr. and Mrs. Fred Irid of Mokena.

Following the service a reception was held in the home of the bride's parents when 100 friends and relatives gathered to wish the young people success.

The new Mr. and Mrs. Hearn left by motor for a honeymoon in Winoqua, Wis., for a week. A buffet supper was served and are now living in Mokena.

The bride was employed at Marshall Field & Co., Chicago, and was graduated from Lincoln Way high school in June.

The groom was graduated from the same high school in 1954 and is now employed at the Gerlach Barklow company in Joliet.

District Deputy Makes Visit to Dew Drop Camp

Dew Drop Camp 2023 Royal Neighbors, Tinley Park met with their Oracle Lottie Rasmussen Tuesday evening to appoint two new managers due to resignations. Mrs. Paul Roth and Mrs. C. A. Steinhagen will fill out the

terms.

Don Hartwig, juvenile, was transferred to adult camp.

District Deputy Mary McNabb of Harvey was escorted to the oracle's station by the Camp Marshall. She gave a brief resume of the new insurance drive.

Games were enjoyed, followed by refreshments.

4-H NEWS

Helping Hands

On Friday, June 28, the eleventh regular meeting of the Helping Hands 4H club met in the home of their leader June 28 with 16 girls present.

A vote of thanks was given to those who helped make the recent ice cream social and doll clothes sale a success. Mrs. Allan Ebell was awarded the doll and wardrobe.

On June 20 the Leland Rayson lawn at Tinley Park, was the setting for a children's party. Under the chairmanship of Sharon Anast, the girls entertained 14 younger children. This was a part of the party a month project which all the members are taking this year.

Local achievement day will be July 12 when a program will be presented at 7:30 pm. in the Methodist church social hall. Everyone is invited to attend and see what the girls have done. On July 14 they will participate in the county achievement activities at Homewood.

The program for the evening included a number of talks and demonstrations covering the food and clothing projects as well as the electric and music activities. Those on the program were Betty Rich, Sharon Anast, Betty Johnson, Shirley Younker, Dorothy Stelter, Elizabeth Jeffrey, Ann Rayson, Helen Jeffrey, Melody Benson, Susan Schullien and Darlyeen Phillippe.

BREMEN BEACONS

Local Achievement day was held by the Bremen Beacons Sunday afternoon in the yard of the Robert Nelson home in Tinley Park. Thirty members and guests were present to inspect the skirts and luncheon sets which each girl had completed during the past year.

The program began with a brief resume of the year's work given by Suzanne Watkins. This was followed by the pledges to the American and 4-H flags. Music and ballet and acrobatic performances were enjoyed. An interesting biography sketch of Sigmund Romberg was enjoyed as an outline of the operetta "Student Prince."

"Little Black Sambo", a radio skit was done in a very interesting way by Judy Feiwell, Diane Campbell, Patricia Pierce, Elaine Feiwell, Suzanne Watkins, GayAnn Curry, Cheryl Matson and Jeanette Nelson.

Refreshments were served.

Friends to Fete Hollingsworth

It takes an unusual man to reach the stature attained by Joliet's Morton H. Hollingsworth serving as a member of Gov. Stratton's cabinet in the important post of finance director.

"Holly" will be toasted at a testimonial dinner by his Will county friends in Joliet next Wednesday, July 10. They will be joined by Gov. Stratton as principal speaker and Springfield dignitaries and Republican leaders from virtually every county in Illinois.

Not only will the many successful ventures of Hollingsworth be recounted at the dinner, but it will be a fitting tribute to a man who has risen from comparative obscurity to a top post in state government in a few short years.

The most recent rung in the Hollingsworth success ladder is his election to National Committeeman from Illinois.

Holly's meteoric rise began in 1952 when he was elected State Central Committeeman from the 15th Congressional district. he was named state chairman.

Holly was likened to a rookie quarterback taking over a veteran team. But he stepped into the post and displayed amazing poise, confidence and astute judgment.

He directed three state campaigns to overwhelming victories. He won plaudits from President Eisenhower himself with his sagacious direction of the 1952 and 1956 Presidential campaigns in Illinois.

NEW SIGN FOR TINLEY C. of C.—is shown here above busy executive secretary of the Tinley Park Chamber of Commerce. The picture was taken in front of the Chamber's office at 17326 Oak Park ave. The sign makes it easy for residents to find the C. of C. office, especially new comers. Harry Trevarthen, executive secretary, is kept busy every day with callers who seek information about Tinley Park, its stores, schools and churches. The Chamber of Commerce plays an important part in the life of the community. Both are enjoying a steady growth.

(Marvin Smith photo)

Major new deep mines were opened in five states in 1956, including West Virginia, Illinois, Pennsylvania, Kentucky and Alabama. Two each were in Kentucky and Pennsylvania and one in Alabama and Illinois. Twelve were opened in West Virginia.

Along the Ohio River, 21 steel mills, blast furnaces and steel processing plants, and 12 electric power firms operate their own private docks for the movement of coal. These docks are almost half of the 75 coal docks privately operated on the river.

Conceived in Liberty...

The Declaration of Independence set forth, 181 years ago, the principles of freedom and justice that are today a living part of our heritage.

Asks Public to Join in Fight On Burglary

The week of July 7 thru 13th has been proclaimed "Burglary Preventive Week" by the Illinois Police Association Inc.

During the first six months of 1956, nearly 15,000 burglary offenses were committed in Illinois, the Police Association reports, which is 4 percent of the nation's total.

Prevention is always better than cure and more economical too. Thru the Burglary Prevention week program, the association hopes to bring to the home owners' attention the seriousness of this crime and simple precautions that they may take to discourage prowlers.

Tinley Park police chief, Harold C. Moore, extends the following satirical invitation to burglary.

"To Whom it may concern: I'm leaving for a weeks vacation on the first of the month - please come to burglarize my home when convenient."

People Are Careless

No one in his right mind would ever think of writing a note like that and tacking it to the front door, the chief said. "Yet, many citizens will be saying practically the same thing thru the summer months when they leave their homes for an evening, week end, or longer.

"People call the local editor to announce their vacation trip, leave notes in an empty bottle telling the milkman to discontinue deliveries during their absence and forget to have newspaper deliveries discontinued. Even when just leaving their home for an hour or so, people will leave notes in the mailbox if expecting guests, telling them the key is under the mat and to go in and make themselves at home. Burglars too, will thank you for your thoughtfulness, it makes their job so much easier.

Some Suggestions

While no home is completely burglar proof, there are simple precautions that can be taken to prevent and discourage prowlers. When leaving your home for an evening, weekend, or longer follow these simple do and don't's.

1. Do cancel all deliveries including milk, newspapers etc. Have the post office or a neighbor hold your mail 'til you return.

2. Do close and lock all windows, including basement and porch. Use pin tumbler cylinder locks on all outside doors, still the most secure key operated locking device.

3. Do have your phone disconnected. Burglars will sometimes call to see if someone is home.

4. Do have your lawn mowed and sidewalk swept by a neighbor at least once a week.

5. Do tell your neighbors you are leaving. Have them notify the police if they see anyone prowling around.

6. Do notify your local police officials as to the date you are leaving and when you will return.

7. Don't leave your home dark. Leave a lamp or two connected to an automatic timer to turn lights on and off regularly each evening.

8. Don't leave valuables lying around the house. Place them in a safety deposit box.

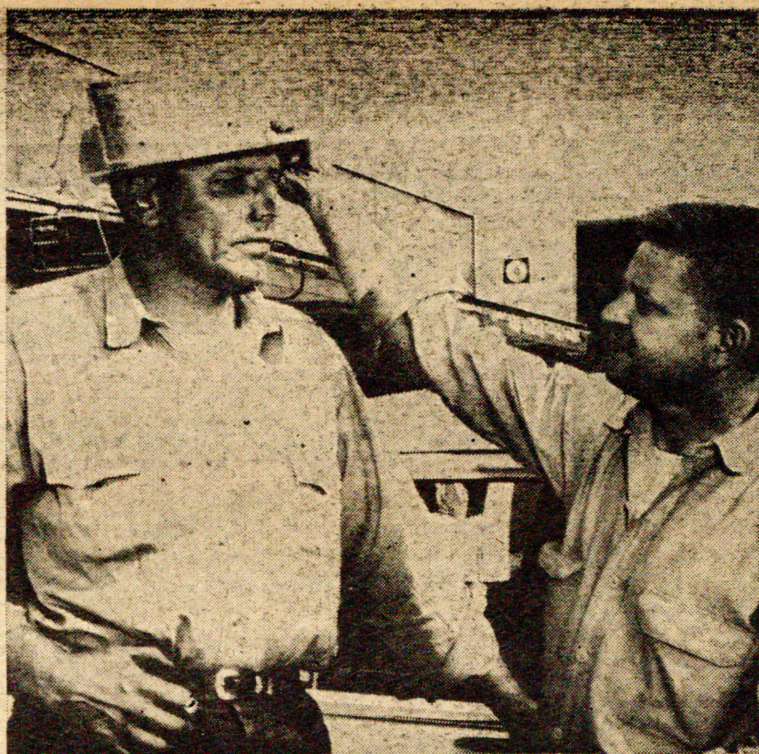

9. Don't close blinds or draw shades, leave them as you normally do when you're home.

10. Don't tell friends, neighbors, or work associates of the valuable possessions you have around the house.

11. Don't leave the garage door open is usually a good sign people are out.

By following these simple precautions, many of the burglaries that may be attempted in our community this summer can be thwarted, police say. Remember, prevention is always better than cure.

Only about one home-grown Christmas tree in four will be salable without proper pruning and shaping, says an extension forester at the University of Illinois Dixon Springs Experiment Station.

STEEL SKIMMER—Gauche style is being modeled by John L. Leppa, of Oak Lawn. The hat made of 26 gauge steel is being adjusted by the maker, Stanley Rutkowski, Chicago. The pair had stopped at Gussie's coffee shop at Tinley Park where a photographer, fascinated by the possibilities of a chapeau that could be used to carry soup, coffee, draft beer or—in case a circus comes to town—water for the elephants. One thing about it—it should keep out mosquitos. (Marvin Smith photo)

Enlarging 2 Stores On Oak Park Ave.

Two stores on Oak Park ave., Tinley Park, are being enlarged. Additions are being built at the rear of Cavett's Drug store and Ben Franklin's to increase the storage capacity.

Mastitis is an old-time serious disease of dairy cattle that still causes heavy losses to dairymen.

Of all the means of modern transportation, the airplane alone has depended entirely on petroleum products for fuel and lubrication since its beginning.

Petroleum supplies the fuel to make your car go—and the fluid to make it stop. In 1955, Americans used 10,500,000 gallons of hydraulic brake fluid, a petroleum product, compared with 8 million gallons the previous year.

Tinley Personals

Dick Gruber, who was a patient at Hazel Crest hospital recently, returned home last week and is much improved.

Ronald Bauer, son of Mr. and Mrs. Martin Bauer of Sayre ave. was one of the 8th grade graduates from the Tinley Park school June 5. His parents celebrated the occasion with a buffet supper Sunday, June 9, which was attended by 36 friends and relatives. Ronald will be attending Bremen High school in the fall.

Fifteen Cub Scouts from pack 253 journeyed to the airport recently to inspect the facilities of American Airlines. They toured the flight dispatch office, meteorology department, communications and crew schedule. They then went to the hangar and boarded a DC6 and a Convair airplane. They all received Junior Pilot rings and brochures. The boys were accompanied by Betty Javor, Bill Zimmerman and Bob Simenson.

Mr. and Mrs. Charles P. Smith of 169th and Riverside drive and Mr. and Mrs. Charles M. Smith of the Tinley Park Hardware store celebrated their 20th wedding anniversary June 26.

Mr. and Mrs. George Spangler have moved into their new home in Lincoln Estates.

Harvey McLain is a medical patient at Illinois Central hospital.

Mr. and Mrs. Fred Nitsche were Thursday evening guests of Mrs. Ethel Schutz in Chicago.

Mrs. Cecil Bullock of Palmersville, Tenn., was a recent visitor in Tinley Park. The Bullock family are former residents and may reside here again in the fall.

Adele Zobac enjoyed the week end visiting with her aunt, Mrs. Rodger Brattstrom in Chicago. The Brattstroms have a 16 foot cabin cruiser, and a special treat was a delightful sail on Lake Michigan.

Richard Stearns of Bloomington has been a house guest of his sister and family, the LeRoy Baumanns. They enjoyed a visit to the Chicago fair Sunday.

Cub Scouts of Pack 253 held their pack meeting on the lawn of the Leland Rayson home Saturday evening. There were 78 adults and children present who enjoyed a picnic supper. The boys played games and sang Scout songs. Randy Wolfe received his Wolf badge from Chief Akela. The boys found the Rayson grounds an excellent place to play hide and seek.

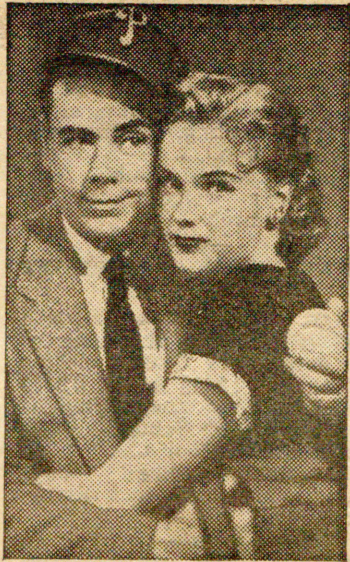

Seaman Paul J. Miller son of Mr. and Mrs. Raymond Miller, 17854 S. Sayre ave., is taking part in a summer practice training cruise for midshipmen aboard the battleship USS Iowa. The training cruise began June 13. The boat will visit Rio de Janeiro, Brazil, and Port-Au-Spain, Trinidad. She is scheduled to return Aug. 8.

Harry R. Douglas of 167th st. underwent emergency surgery in Henrotin hospital the past week.

Mrs. Ernest Yepsen, a recent surgical patient in Silver Cross hospital, returned home over the week end and in recuperating nicely.

Mrs. James Montgomery, visited over the week end at the home of her daughter, Mr. and Mrs. Harry Schmidt. Jimmy and Carol Schmidt had spent the past two weeks with their grandparents.

Edward Wills, son of Mr. and

DEVOTED FAN—Tom Ewell and Anne Francis play the young married couple whose domestic tranquility runs into a snag when hubby becomes the manager of a Little League baseball team in M-G-M's comedy, "The Great American Pastime." There is an additional complication in the person of Ann Miller, playing a devoted fan of both baseball and Ewell. Film plays at the Hill Top Drive-In theatre Sunday, Monday, Tuesday, along with "The Iron Petticoat."

Mrs. Henry Wills of 17247 Oak Park ave., entered service with the navy June 25. At present he is stationed at Great Lakes. Edward is a June graduate of Carl Sandburg high school.

Casey Wyeveled of 17623 Hermine avenue was taken to Hines hospital last week. Report is that he is much improved.

Homer McCutchen and daughter Barbara visited with the William Hoyer family in Chicago Sunday. Mr. and Mrs. Stephen Hoyer of Los Angeles, were also visitors.

Thirteen young people from the Methodist YF enjoyed a day at the 100th street beach Saturday. Counselor, Harry Schmidt accompanied the group and Mrs. David Waite assisted with the transportation. Sunday evening, the group entertained members of the Midlothian Methodist YF at a wienie roast at Carlson's springs. Also present to meet the young people was the Rev. and Mrs. Kenneth Crandall, new pastor of the Tinley Methodist church, and their sons, Stevie and Tommy.

Mr. and Mrs. Kenneth Triem and daughter have returned from a wonderful western trip which included Mexico. They stayed at a new and modern motel in Guaynos, which is on the gulf of California. Visiting the small town away from the border gave them an insight into the every-day life of the people.

ple and it seemed like they had stepped into another world.

Mr. and Mrs. Truman Young and daughter Debbie of Cedar Rapids, Iowa and Mrs. James Alexander of Chicago were week end guests of the Ken Schmudde family.

Mrs. Robert McKenzie had the privilege of being the WSCS delegate to a Missions seminar held in Elmhurst the past week. Monday of this week she gave a report to the executive board of Tinley WSCS.

Births

The Rev. and Mrs. Dallas Mucci announce the birth of a daughter, Judith Athena, June 26 at Southshore hospital. The young lady weighed seven pounds, 13 ounces. Visiting at the Mucci home are his parents, Mr. and Mrs. John Mucci and

daughters of Lucerne Mines, Pa. The Rev. Mr. Mucci is the pastor of the Nazarene church in Tinley Park.

Mr. and Mrs. Joe Farquhar are happy over the birth of Patty Joe, born June 27 in Ingalls Memorial hospital. She weighed seven pounds. Grandmother Lorene McDaniels is quite elated with the new addition.

Mr. and Mrs. Harry Wydeveld welcomed a daughter into their family June 13. June Louise was born in St. Francis hospital.

Mr. and Mrs. Lyle Nelson announce the birth of a son, Thomas Eric, born June 22 in Haze Crest hospital.

Mr. and Mrs. Les Parker of 6641 W. 167th st. welcomed their new baby girl June 17. Elaine Ann was born in Ingalls Memorial hospital and weighed eight

THE NEWS BULLETIN
Mokena, Illinois

pounds, nine ounces. A sister, Sharon and brother Brad complete the family circle.

Mr. and Mrs. Chas. Kossmann and two daughters from Long Is. and, N. Y., are spending their vacation with the George Smith family, in Tinley Park.

WE ARE SORRY

Thru an oversight, last week's issue of Tinley Park Times omitted the names of Mr. and Mrs. Frank Jeffords from the list of Tinley Park civic officials who made the Cal-Sag boat trip on June 22. Mr. Jeffords, former mayor of Tinley Park, is a director of the Chamber of Commerce.

MOKENA

Mokena 3521-4151

FOR INHALATOR CALL MOKENA 2121

Mr. John Balaz, local justice
of the peace, underwent major
surgery in Silver Cross hospital
last Thursday. He is in room 129
and is doing as well as can be
expected.

Mr. and Mrs. Carl Wolter and
daughter Ruth left Tuesday for
their home in Pasadena, Calif.,
after spending a week with her
brother Fred Wannemacher and
her sisters.

Last Sunday 40 relatives gath-
ered at the Wannemacher home
on Maple st. for a family reun-
ion before they left for their
home. Everyone had a nice time

James Gillette, of the firm of
Bruce and Gillette TV and Radio
business is a patient in Silver
Cross hospital where he under-
went surgery for the correction
of a disk ailment in his back. He
is in a body cast and will be in
the hospital for two months.

Mr. and Mrs. Oliver Schafer
have returned from a pleasant
motor trip thru the east. They
were in Washington D. C., in
Sturbridge, Mass., where they
visited the restoration of an old
New England village and at-
tended the wedding of his niece
at Larchmont, N. Y. They also
visited in Maryland and report-
ed the weather was warm in the
east while they were there.

Mrs. Dolores Kiedaisch, Fran-
cis road, Mokena, underwent
surgery in Silver Cross hospital
last Monday returned home Sun-
day and is recuperating nicely.

Dale Westlund son of Mr. and
Mrs. Ramon Westlund, and his
cousin Bobby Oestreich of Joliet
left Monday to attend a
YMCA camp for two weeks at
Camp Ravenswood, Lake Villa,
Ill.

Mr. and Mrs. Raymond Morris,
194th st., left by motor to
visit their son, Raymond who is
stationed at Ft. Carson, Colo.
Raymond enlisted in the army
six weeks ago and has a few
days leave which he will spend
with his parents. They plan to
visit many points of interest
and will be gone about two
weeks. During their absence,
their daughter Mr. and Mrs. S.
Madonia is staying in their
home.

Mrs. Ramon Westlund entered
Silver Cross hospital Monday for
medical treatment.

Linen line is best for deep
sea fishing since it will not de-
teriorate in salt water.

Let Kids In On Vacation Plans, Advises Expert

Why not let the children
know what to expect on your
vacation trip?

If you tell even the tiny tot
what you're going to see, where
you plan to stop and what you
plan to do, everyone will take
more responsibility for the trip's
success, says, Mrs. Marguerite
Briggs Lynch, University of Il-
linois child development special-
ist.

When children feel that they
are a real part of the trip,
you'll find that they'll pay their
part well. They'll be more like-
ly to cooperate, and it will be
easier on both you and them.

Keep 'em Occupied

Children are more coopera-
tive, too, when they have some-
thing to do in the car and when
their wants and needs are tak-
en care of. A drink of lemonade
or cool water from a thermos
often settle children's tempers
before quarrels begin.

It will help, too, if you pro-
vide the youngsters with some
playthings—blocks, dolls, puzzles
and equipment that you can
keep in the back seat of the car.

And be sure that the car is
in good condition and the glove
compartment is well supplied
with paper towels, a flashlight,
insecticides and first aid equip-
ment for "just-in-case" emergen-
cies.

CHRISTIAN SCIENCE CHURCHES

The supremacy and all-power
of God—divine Life, Truth, and
Love—will be emphasized at
Christian Science services this
Sunday, July 7.

Selections to be read from the
Bible in the Lesson-Sermon en-
titled "God" include the follow-
ing from Joshua (1:9): "Have
not I commanded thee? Be
strong and of good courage; be
not afraid, neither be thou dis-
mayed; for the Lord thy God is
with thee whithersoever thou
goest."

From "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy will be read
the following (228:25-27): "There
is no power apart from God.
Omnipotence has all-power, and
to acknowledge any other power
is to dishonor God."

The Golden Text is from
Joel (2:27): "Ye shall know that
I am in the midst of Israel, and
that I am the Lord your God,
and none else."

This man can give you
dependable
delivery of

message for you. This health education service to you by the Will County TB Association is made possible by your purchase and use of Christmas Seals."

Other projects underway at the association office include the monthly distribution of tuberculosis abstracts to doctors, the correction of the mailing lists, issuing "Will-Co Crier", the association's house organ, assembling materials for the coming school health education program and following the action of the Illinois legislature in matters pertaining to public health, especially tuberculosis. A complete account of legislative accomplishments in this field will be forthcoming soon, it was announced.

Across The Counter . . .

"Mind if I borrow your car?" Joe Smith asked his good friend and neighbor, Fred Jones. "My wife took ours and won't be back for a couple of hours." "No, help yourself," replied Fred.

At the last minute Joe couldn't drive down to the store as he'd planned so he asked his son, Chris, to run the errand for him. Chris hopped into the car and took off. Several blocks later he ran into an oncoming automobile.

Joe examined his auto policy. No, it didn't cover the boy. Very definitely, with respect to the use of non-owned automobiles, it covered only "the named insured and spouse if resident in his household."

Joe could easily have avoided the expense that ensued had he purchased for his boy the drive-other-car insurance available for relatives of the named insured. For a small premium charge, the boy would have been covered for any liability arising out of the accident; passengers riding with him, had there been any at the time of the accident, would have been covered for any medical expenses incurred because of bodily injury resulting from the accident; and complete physical damage insurance coverage would have been provided with respect to the borrowed automobile, subject only to other physical damage insurance in effect.

Does your policy cover all the automobile exposure in your household? If you're not sure, it would be best to call us for a discussion—don't wait until too late, call . . .

TB Association Is Distributing Health Posters

The staff of the Will County Tuberculosis Association, assisted by volunteers from St. Joseph's and Sacred Heart schools of Joliet, and directed by Don C. Davis, the association's new program consultant, completed among others, the project of stamping, sorting, stuffing and addressing some fifteen hundred posters. These are distributed quarterly by the TB Association to Will county industries and drug stores. They are called industrial bulletin board posters.

This quarterly project is a part of the health education program of the TB association in Will county. The messages on them are easy to read and understand. The IBB posters are done in two or more colors, and point up messages of health, safety, and nutrition directed to everyone.

Give Advice

The current set which has just been mailed contains four posters giving advice about safe driving, vacations, periodic physical check ups, and nutrition. "Look for these posters on the bulletin board where you

NEW SPEED LAW IN EFFECT

Illinois has now joined the ranks of states that have speed limit.

The legislature enacted a law at the behest of Gov. Stratton fixing the top speed for passenger cars at 65 miles an hour. The law became effective July 1.

The legislature also enacted a law increasing the number of state police by approximately 500. It will take sometime before such a number can be selected and trained. In the meantime the state police now on the rolls should be able to enforce the new speed statute.

It is not so much the number of police that counts as the way in which such force is used. The Texas Rangers have never been a big force numerically but it commands great respect and few persons are disposed to dispute its powers. This is probably due to the fact that the Rangers are not given to bluff, idle threats or phony action.

If every Illinois motorists picked up for violating speed law gets the book thrown at him at the start it will not take long to get others to obey. A person unable to pay a fine should be compelled to serve it out in jail and if everyone is treated the same regardless of his political affiliations or influence, enforcement of the speed law will not be too much of a chore.

Under the new law buses are limited to 60 miles an hour, which means that those in interstate commerce will have to reduce their speed. Light trucks will be permitted a 55 m.p.h. limit and the big, highway box-cars can travel 50.

How to Pack Men's Clothes Wrinkle Free

Men's and boys' clothing won't come out of the suitcase in a mass of wrinkles if you follow some packing tips from a University of Illinois clothing specialist.

Here are Eether Sieman's suggestions for packing a man's two suiter:

First put heavy articles in the bottom. Then pack the trousers by placing the front of the legs in a straight line across the bottom of the suitcase, with the seat toward the handle. Hang the legs over the side. Pack the second pair in the same way, but place the legs in the opposite direction.

Now for the jackets. Put one on a hanger and fasten the hanger to the case. Leave the jacket unbuttoned. Straighten the shoulders and arrange the sleeves so that they hang in a straight line. Smooth out wrinkles. Fasten the center board and let the bottom of the jacket hang over the edge. Pack the second jacket in the same way.

Fold the trouser legs over the jackets, first from the right and then from the left. Fasten the covering sheet.

Finish packing by putting shirts in first and then ties and underwear on top of the shirts. Fill empty spaces with handkerchiefs, socks and other small items.

Travel, Work and Study Mark Vacation Time for L-W Teachers

Faculty members of Lincoln-Way community high school are enjoying a variety of vacations this summer. Several of the teachers are traveling thruout the United States.

George Abraham, biology teacher, is working on his master's degree at the University of Illinois. He has just returned from a trip to Northern Wisconsin where he vacationed with his family.

Albert Buckowich, math teacher, and Kevin McGiven, social science teacher, are keeping in shape for football season by working with Fredin Construction Co. Both men are football coaches during the school year as well as classroom teachers.

Mrs. Della Hussey, math teacher, has been awarded a scholarship to the University of Colorado where she is taking advanced courses in math. Her daughter, Donna, is in a summer camp nearby.

Miss Ann Walker is attending Colorado A. & M. where she is taking advanced work in Home Economics.

H. Neil Hardy has returned from a trip to Washington, D. C., and plans to leave the first of July for Alaska where he will camp out for a month. He will be accompanied by three students, Richard DeForest and Ted Dunham, of Mokena and Stanley Korista of New Lenox.

Miss Theresa Hartman who is No. 2 wheat cannot have more visiting with her parents in Pesotum will visit Miss Barbara

Sprayberry and parents in Delray Beach, Florida during July and August.

Mrs. Ronald Whitaker plans a trip to Colorado for a vacation trip in July.

Lashmet at Disneyland

Jonas Lashmet is in Lakewood, California where he is working for Disneyland. Mr. Lashmet teaches social studies and is football coach at the high school.

Mrs. John Sullivan, English teacher, has just returned from a camping trip in the East.

David Cook, English and speech teacher, is working on his master's degree in English at Ohio State university.

Mr. and Mrs. Robert Van Rheeden and family are on a trip through the Northwest, including Yellowstone Park. Mr. Van Rheeden is head of the agriculture department.

A. Hunter Chapman, principal, has been working on end-of-year reports and has left with Mrs. Chapman for a short vacation in Colorado. Their daughter, Clara, has been in a girls camp near Denver, and will return with Mr. and Mrs. Chapman.

Joe Kruzich and family are vacationing in Florida. Mr. Kruzich is industrial arts teacher at the high school.

Under the grading standards No. 2 wheat cannot have more than 5 per cent wheat of other classes in it.

Anna Kaiser 89, Green Garden, Dies; Funeral Tuesday

Miss Anna Kaiser, 89, died Saturday in her home in Green Garden following a lingering illness.

Born June 2, 1868 in Green Garden township, she spent her entire life there. She was the youngest of a family of 11, all of whom have preceded her in

death. She kept house for many years for her nephews Joe and John Ringle until their death. For the past few years Mrs. Luella Bentley has lived in the home to help care for her.

Removal was made by the Zechlin service to the Hirsch chapel in Tinley Park. Funeral services were held Tuesday afternoon in St. Peters Evangelical church, Frankfort, with the Rev. Eric Bizer officiating. Burial was made in Pleasant Hill cemetery.

Tony's Speed Makes Top Headlines

Sets 177 m.p.h. Record In Trials at Monza

Veteran race driver, Tony Bettenhausen, of Tinley Park, made world headlines last week by driving an unprecedented 177 miles an hour qualifying speed in Monza, Italy.

Bad luck forced him out of the big event however, when the frame of his huge 2,800 C.C. supercharge Novi special sports car, cracked and the sway bar broke during the first heat.

Tony, who left for Italy with high hopes of being a top winner in the 500 mile Monza International auto race, was bitterly disappointed when forced out of the race after 45 laps. In the lead for the first four laps, he was forced to pull into the pits for a new foot throttle.

Stunned by the speeds of the American cars in the qualifying race, the British drivers, the only ones to qualify besides the Americans, pinned their hopes on their tougher Jaguars to win by endurance.

Bettenhausen's record of 177 miles an hour was the fastest time ever recorded on the Italian track and over 30 miles an hour faster than the Indianapolis speedway all-time qualifying record of 145.596 m.p.h.

BIG ONES GOT AWAY—or so says Martin Medema (left), of Mokena, shop foreman of The Semmler Press, Inc., in referring to a catch of lake trout at Crystall Falls, Mich. The Medemas spent a part of their vacation at the resort operated by Herman Weichbrodt, Jr., formerly of Frankfort, and his partner, Ronald Senesac, of Kankakee, at Crystall Falls lake, and fishing was good, as the picture attests. Incidentally, the cost of a cabin for a week at the resort came to the Medemas as a prize won at the open house of the Swanberg Farm and Auto Service last spring.

During the thirteen-year federal highway program, road building machines will use more than 13 million gallons of petroleum products of all types.

Motorcycle Stuntmen at Joliet, July 10

Four British motorcycle stuntmen will appear as a highlight of the show put on by the Trans-World Automobile Daredevils at Joliet Memorial Stadium Wednesday, July 10.

The four London-born cyclists

known as the Cytrix Troupe, are making their second tour of America with the auto daredevils.

Using the best of English-manufactured motorcycles (BSA), the group performs not only as a quartet, but singly, in pairs and in trio. They got their start in England as a vaudeville act in connection with athletic events and races.

Meanwhile, the auto drivers will stage a slambang show of roll-overs, headon collisions and driving off ramps of various heights and distances. The two groups are in their second consecutive year of touring together.

Several thousand spectators are expected to witness the show in spacious Memorial Stadium, which has more than 10,000 seats and accommodations for about 4,000 autos in the parking lots.

The show is due to start about 7:30 p. m.

Tinley Police Loop Team Beats Robbins; Meet Orland Sunday

The Tinley Park police baseball team won a loosely played game from Robbins by a score of 8-7. Tinley no doubt was looking forward to the game of next Sunday with the league leading Orland Park team.

Winning pitcher was Wally Eggert with Ron Bressi and Alan Mager driving in important runs.

King to Start New Fuel-injection V-8 In Midget Races Saturday

Veteran driver Mike King hopes to pull out the stops and give his new fuel-injection V-8 special full throttle in the midget auto races Saturday night at Joliet Memorial Stadium.

A 25-lap main event will be featured, with a supporting card of four heat races, a handicap event and 15 lap semifeature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

King, of Evanston, has been holding back on his bright, new car, ironing out any defects. Thus far, he's been running the car in semifeature races.

Attracts Top Drivers
Once the car's operation is perfected, King's expected to be a threat in the race for the track championship. George Sellery of Chicago currently leads the field.

Among the other top drivers at the stadium are John Meyers of Chicago, Willie Wildhaber of Lexington, Ill., Jolietans Tony Saylor, Bernie Wilhelmi, Sam Robinson and Roy Shields, and former track champions Johnny Riva of Chicago, Ken Rubright of Lyndon and Bob Tattersall, Streator.

Paul Kerber of Elgin and Jack Chapman, Aurora, are among the new drivers who are expected to be in contention this season.

Tinley Gal Wins Telephone Company Bowling Tourney

Bernice "Beanie" Bettenhausen, an Illinois Bell operator, won the Illinois Bell Metropolitan Chicago Women's bowling tournament.

"Beanie", who lives in Tinley Park, rolled a 530 series, made up of 193, 146, 191 games.

The tournament was held at the Jackson-Dearborn Recreation in Chicago.

"Beanie" bowls regularly in the Friday night ladies' league in Homewood, where she holds a 155 average. This is the third time in the past five years that Miss Bettenhausen has won this tournament.

"Maybe we should go back and buy one that's long enough to reach the water!"

A diesel tractor uses less fuel per hour of operation than a gasoline tractor.

drive, Tinley Park. He is presently playing baseball in Chicago with Roseland Bucks in the Connie Mack league. His team is leading the league, having defeated the Beverly Giants who won the title last year.

WHITTLINGS BY PUDGE—

are many and varied, as evidenced by the picture. An exhibit of the work of Edward "Pudge" DeGraff, 5643 171st Pl., Tinley Park, is on display thru July in the art department of the Chicago public library. Mr. DeGraff makes his living as a lumber salesman but indulges his creative instincts with his wood carvings of people and animals. His hobby, he says, is a perfect antidote for the stress and strain of modern living. At the left are a hunter, a skier and a boy and his dog.

(Marvin Smith photo)

Kleber to Head Tinley Tag Day For Ill Children

The South Suburban council for the mentally retarded children met recently in the Jones Memorial center in Chicago Heights, to complete plans for the National Retarded Children's fund raising campaign which will be held from Nov. 17 to the 28th. Tag day chairman for the campaign in Tinley Park will be William Kleber. Jack Benny will serve again as national honorary chairman of the drive.

The group also discussed the bulletin which the national as-

sociation for retarded children publish.

At the council meeting, Mrs. Lelia Templin entertained the group with the account of her trip to Anchorage, Alaska where she recently spend two weeks with her son who is stationed at Elmendorf air base. Her talk was illustrated with colored slide pictures which she took while there. They were much enjoyed.

Mrs. Raleigh Bagby of Tinley Park served coffee and doughnuts during the social hour which followed the meeting.

Three billion oil-industry dollars bought 58,160 wells, financed 2.5 billion barrels of production, and added 1,187 million barrels of crude oil to the nation's reserves last year.

Big-Time Producers

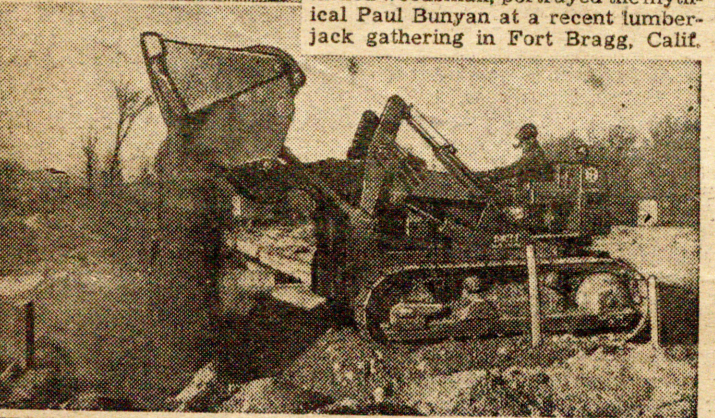

MILK PRODUCTION UP—Farmer Albert Amer, of Lexington, Mo., was expecting an addition to his Jersey dairy herd, but certainly not triplets from one cow. Cattle experts report triple births in cattle occur only once in 100,000 births. The calves were only one day old when this photo was taken.

NOT A YOGA EXERCISE—It would take a big man to handle this toothbrush and tube of toothpaste. The toothbrush is being used as an uncomfortable seat by the painter as he applies finishing touches to the tube. Both were used in a dental display at a children's show in Paris.

LUMBER SHORTAGE?—It wouldn't take the lumber industry long to supply all the nation's needs if it had crews with giant axes like this fellow has. Chet Shandel, king-sized boxer, turned woodsman, portrayed the mythical Paul Bunyan at a recent lumberjack gathering in Fort Bragg, Calif.

HERE'S A REAL PRODUCER—This International Drott machine can operate either as a clamshell, bulldozer, shovel, or bullclam merely by a flip of a lever. Its versatility makes it an economical utility machine for any earthmoving job.

Little Benefit State Aid of To Lincoln-Way

Lincoln-Way high school's claim for state aid this year amounts to \$3,611.51, according to figures compiled by Supt. A. Hunter Chapman in his annual report.

Since Lincoln-Way is not eligible for any special equalization funds, Supt. Chapman said, the small amount of aid received—\$7 per pupil—places practically the entire financial support upon local taxpayers.

The amount of aid is arrived at by computing the average daily attendance for all students enrolled during the school year and multiplying the number by

\$7. The average daily attendance the past year was 515.93, the report shows. This figure multiplied by seven gives \$3,611.51.

This amount represents about 1% of the total budget, Supt. Chapman said.

The average daily attendance was 95%, the report shows, while during the year there were 563 different students enrolled.

The only additional state or federal funds available for Lincoln-Way are for the lunch program, vocational homemaking and agriculture, Supt. Chapman said, and \$20 per student for bus service.

High school districts as a rule derive little benefit thru state aid, it was said.

More than 174 million barrels of diesel fuel were sold in 1955. Railroads were the biggest users, consuming 46 per cent or 80 million barrels.

New State Speed Law In Force, Drivers Warned

Motorists are warned by Charles M. Hayes, president of the Chicago Motor Club, that Illinois' new speed law became effective at midnight Sunday, June 30.

It provides for an absolute speed limit for passenger cars of 65 miles per hour in non-urban sections, 30 m.p.h. in urban (built up) areas, 15 m.p.h. in alleys, and gives the Illinois division of highways authority to set a limit of 70 m.p.h. on limited-access highways such as U.S. 66.

But, said Hayes, motorists should always look for and observe speed signs, for regardless of provisions of the general law, the speed designated by signs supersedes all else.

20 is Minimum

He explained that in cities where no signs are posted, the usual limit is 30 m.p.h., except on streets under jurisdiction of the division of highways, where the division posts other limits. He said Illinois cities may reduce speed limits on their own streets, no lower than 20 m.p.h.

Hayes warned that if a motorist exceeds the legal limit by only one mile per hour the law is applicable, and there is no defense.

In Indiana, the 65 m.p.h. speed limit in non-urban areas is *prima facie*. There, said Hayes, you have a defense and may escape penalty if it is determined that you were not driving too fast for conditions. But if you are arrested for exceeding the limit, "the chances are you'll be fined."

Fringe benefits paid out by the petroleum industry last year averaged \$1,273 per employee, compared with \$819 per employee for all industries.

A University of Illinois farm economist reports that elevator margins for handling grain are about 12 per cent less than they were five years ago.

Before building their first airplane, the Wright brothers were in the bicycle business.

—O—
BEAGLEY, Arthur W. In loving memory of our husband, father and grandfather, who passed away one year ago July 2.

God saw that you were suffering
And the hills were hard to climb
So he closed your weary eyes
And said, "Peace be thine."
But O, how we miss you,
When the evening shadows fall
But knowing you are cared for,
The best of all.

MRS. ARTHUR BEAGLEY and
FAMILY Orland Park.

Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new.—(II Corinthians 5, 17.)

Through our Savior and Redeemer, Lord Jesus Christ, in real repentance we can receive God's forgiveness and tender mercy. In that moment, in His strength, we become in truth a "new man" completely — leaving behind the shame and sins of the past.

Ignorance, hurry, carelessness and inefficiency are the things that prevent us from living safely in our modern world.

AT ATOM BLAST—Fffft! Pfc. Wayne J. Blume, son of Mr. and Mrs. John Blume, Vollmer rd. and Central ave., Tinley Park was one of the 4th Marine Corps Provisional Atomic Exercise Brigade that waited, and waited and waited for the atomic explosion that never came at the Nevada test site June 23. The marines were to have launched an assault against an imaginary enemy occupation force after an atomic charge had been loosed at said enemy. Scientists finally sealed the tower where the bomb was in place and extracted the plug necessary for an explosion. Observers figure there must be an easier way to make a living than unplugging atomic bombs.

TRANSPORTATION—

(Continued from page 1)

additional large bus. It will seat 71 pupils and will be used on two separate routes each morning and evening.

The 11,826 extra bus miles were driven on class field trips, athletic, music and many extra-curricular school activities. Most of this mileage comes from the additional service given to the students after the conclusion of the regular day's classes.

Extra service is given to the students to each of the five communities at 4:15 and 5:30 every afternoon. This service permits all students to participate in athletics, music, girls' athletics, speech and dramatics, or to stay after school in order to make up classroom work. Approximately 200 students, on the average, are given this extra service every day. No bus service was provided for athletic and other school contests other than for the actual participants.

Vacation Time Is Danger Time For Children

(CNS) With summer vacation on the horizon, the National Safety Council lists dangers lurking for children.

With school out, and summer activities going at full tilt, parents are more than ordinarily harp-pressed to keep their children from harm.

The seasoned advice of the National Safety Council to parents is:

—try to spot possible dangers and try to keep your children from them by sales talks and follow-up surveillance.

—put up guard grills on windows and porches.

—keep the youngsters as far as possible from where automobiles are running—and never let them use their bikes, coaster wagons, roller skates and other wheeled toys at night.

Swimming Takes Toll

—keep the children away from railroad tracks. The safety council says 60 to 80 youngsters under 15 years of age are killed each year while trespassing on railroad property.

—try to supervise sandlot baseball to prevent injuries ranging from cracking ankles on concrete slabs used for bases, stepping into weed-hidden holes and stepping too close to the batter.

—place such hazardous places as dumps, mine shafts, construction works and quarries as 'offlimits' to the youngsters. And, with your neighbors, scout your area for abandoned ice boxes.

—keep a sharp eye on all swimming activities. Impress on youngsters the danger of diving

Medical Milestones

New Fashions in Hospital Care

Hospitals are big business today.

The 8,000 hospitals in America make up our fifth largest industry. But a hospital's business is people — its profits are measured in lives saved and bodies restored to health, not in dollars and cents.

A hospital turns its "profit" by serving the members of its community more efficiently and humanely. Mountainside Hospital, Montclair, N.J., is a fine example of a hospital showing a big "profit." In addition to its regular services, this 213-bed community hospital is constantly adding new facilities for the better care and comfort of its patients.

Here are some of them:

- Routine chest x-ray given each patient admitted.
- Bone, blood, and blood vessel banks and supplies of mother's milk immediately available. Mountainside is a member of the New York eye bank as well.
- Home-care service which brings the hospital into patients' homes. Beds, wheel chairs, special equipment are made available — doctors' and nurses' visits are arranged.
- Utilization of new techniques for performing necessary routines. The enema, an old stand-by, shows up in modern dress — in a disposable plastic bottle. The streamlined Fleet enema frees the nurse for more bedside care; it takes less than two minutes in contrast to 15 minutes in bygone days.
- A poison-control program for on-the-spot treatment of chil-

dren who have accidentally swallowed chemical compounds, drugs or household agents.

- A psychiatric service to speed the patient's recovery by helping him adjust to his illness and understand the treatment.

Hospitals throughout America are broadening their horizons in the same way as Mountainside. But a hospital is only as good as its staff and the people who support it. Each year one out of six people becomes a hospital patient. Getting behind the community hospital is the best kind of health insurance for a man and his family.

into shallow areas with hidden rocks, or diving into neck breaking surf.

Board Puts Bite on Subdividers to Aid Schools

(CNS) In silence rather than with fanfare, the Cook County Board has served notice that big subdividers who financially aid rural school districts will have an easier time winning rezoning cases for new home developments.

The board Tuesday rezoned 120 farmland acres in Elk Grove township for a 300-home subdivision planned by builders who promised gifts, including land, worth about \$110,000 to two school districts there.

"The Herzog case set a precedent," said Commissioner Charles Chaplin.

He referred to the stormiest rezoning case in years approved last May only after E. A. Herzog, a Des Plaines builder, promised another rural school district land and a school to go with it at his expense.

Even County School Superintendent Noble Puffer spoke against Herzog's planned 510-home subdivision also in Elk

Grove township unless financial aid was given the school district.

And Commissioner John Mackler said he'd vote against a big subdivision any time a school district so requested.

The home building boom is finding school districts thruout the county—and across the country, for that matter—overcrowded with students and no money or a long wait for it until new homes get on tax rolls to expand school facilities.

"We can't legally demand payment from builders for school," said Chaplin, "but we don't have to approve their plans, either."

Researchers at the University of Illinois are studying the effects of radiant-heat panels on the growth rates of early-weaned baby pigs.

Make your barn work safer by storing tools and equipment in convenient but out-of-the-way places.

In winter botfly larvae concentrate in a horse's stomach, where a veterinarian can treat them.

Get your farm shop tools in good repair so that you can make needed repairs as fast as possible in the rush of spring work.

Excessive Heat Takes More Lives Than Cold, Says Safety Council

Excessive heat takes more than four times as many lives annually as excessive cold.

More persons die each year from too much heat than from accidental electrocutions.

Those are facts on excessive heat presented by the National Safety Council.

Heat cramps and heat exhaustion—results of excessive heat—come from over exposure to sun or intense heat. Heat cramps are caused by excessive loss of salt from the system thru perspiration and are identified by cramps in the abdomen and in arm and leg muscles.

Can be Fatal

Heat exhaustion—which doesn't always accompany heat cramps—has these symptoms: paleness, chills, dizziness, nausea, abnormal sweating, rapid and shallow breathing, rapid and weak pulse, weakness, below-normal temperature and skin either hot or cold and clammy.

Unconsciousness and possible death may result in severe cases, the council said.

Heavy exertion in abnormally high temperatures—foundries, engine rooms, steel mills, bakeries and laundries, for example—may cause heat sickness.

Most susceptible to heat sickness are persons not used to high temperatures, those in poor health or previous sufferers from it. Here's how it can be prevented:

Take it Easy

1. Avoid alcohol and ice water. Instead, drink cool water and citrus fruit juices. Eat vegetables and easy-to-digest foods.
2. Wear light, loose clothing. Avoid over-fatigue. Bath daily and get plenty of sleep.
3. Replace body salt lost thru excessive perspiration by salting your food or taking salt when you take a drink of water.

First aid for heat exhaustion should include these points:

1. Remove the victim to circulating air.
2. Keep him lying down. Apply blankets over and under him.
3. If he's conscious, give him warm liquids to drink—also salted water (a teaspoonful to a pint).

Rules Phoenix Election Void

(CNS)—The election of Phoenix Village Clerk John Falica, and Police Magistrate Louis A. Kamykowski, was held 'null and void' Wednesday by DeKalb County Court Judge Ross E. Millett sitting in Cook County Court.

Allen H. Hester, 15219 Fifth Avenue, Phoenix, through his attorney, Walter K. Black, challenged the April 16 municipal election.

Black said Falica and Kamykowski have 30 days to appeal the decision, but if they do not, a special election must be held.

Monday night Phoenix village board held a meeting to hear charges made against the election of the three village trustees, Black said. The village board

took the matter under advisement, he added.

Black said Judge Millett held the election void for three reasons. The election was held in four separate polling places but ballots did not designate the place, or date of the election, nor did they say official ballot on the back. Also, paper used for the ballots was so thin marks and printing could be seen through it, Black said. Judge Millett also ruled against the ballot because it did not provide ample space for writing.

Hester also challenged the election of Bernard G. Smuczynski, as village president. Hearing on this case in circuit court may come up the first week in July, Black said.

To reduce danger of cutting the cord, work away from the electrical outlet with an electric power mower so that the power cord lies in the cut-over area, suggests an extension safety specialist at the University of Illinois.

\$20 Million Program For Driver Training Sponsored by Ford

Is. n\$20 million program

A million students in the nation's high schools are being trained each year in driver training course.

To keep pace with the ever increasing enrollment, a new \$20 million program is being underwritten by Ford Division and its dealers, to equip schools with double the number of safety equipped Ford cars loaned to schools during the coming school year.

Schools in all states but Cal-

ifornia will benefit since schools in that state buy or rent cars for driver training.

FRANKFORT

Mrs. Katharine Heisner
Frankfort 5187

Mr. and Mrs. Jerry Kovar entertained dinner guests last Sunday evening in honor of their son Mark, and his first birthday. Guests were grandparents, Mr. and Mrs. Frank Kovar, Sr., also Mr. and Mrs. Carl Bedecker and daughter Romele and Homer Lanus all of Streator. Later in the evening they were joined by Mr. and Mrs. Arthur Siedleman and daughter, Karen of Chicago, Mr. and Mrs. Frank Kovar and family, Mr. and Mrs. Otto Walters and family, Richard Kovar and Ernest Tewes.

Mr. and Mrs. Floyd Lankenau and Mr. and Mrs. A. Olson both of Dearborn, Michigan, and Mr. and Mrs. Dale Warning of Farmington, Michigan, will spend the week-end holiday here with Mr. and Mrs. Edward Warning and other relatives.

Mr. and Mrs. George Heisner and Mr. and Mrs. Lawrence Woodman will spend the Fourth at a picnic at the Joe Scott's home at New Lenox.

Mr. and Mrs. Lawrence Woodman and Mrs. Lilly Herschbach were dinner guests of Mr. and Mrs. Colin Campbell in Chicago Saturday evening.

The ladies of the Good Shepherd Circle met with Mrs. Milton Subbert in her home Thursday afternoon for their monthly meeting which began with desert-coffee at 1:15 p.m.

Mr. and Mrs. William Seeman, Mr. and Mrs. Delbert Seeman and Allen and Mr. and Mrs. Orville Schinkowski attended the 15th wedding anniversary of Mr. and Mrs. Irving Schmeckpepper and also his birthday, which was held in the Beecher Community hall at Beecher Saturday evening.

The annual Wetherholt family reunion was held at the home of Mr. and Mrs. J. C. Knight Sunday. About 30 members attended and enjoyed a potluck dinner at noon. Guests were from Chicago, Joliet, Springfield, Auburn, Mansfield, Clinton, Hammond, Ind.; Davenport, Ia.; St. Louis, Mo.; and Dr. and Mrs. Charles Landon of Durham, North Carolina who will remain as house guests at the Knights' home for about three week.

Miss Jeanett Deist, daughter of Mr. and Mrs. Oran Deist left Monday and will attend the 4-H camp Shaw-waw-nas-see this week.

The Senior MYF of the Methodist church will sponsor an ice cream social in the church Wednesday evening July 10 starting at 6:30 o'clock. Home made ice cream and cake will be served. Everyone is invited to attend and enjoy a pleasant social evening.

After the meeting of the Honey Bees 4H club held June 27 in the home of Mrs. Irving Rudman, a weiner roast was enjoyed. At the next meeting, Friday July 5 talks will be given by Vivienne Eisenbrandt on joining skirt and bodice by using tape; by Diane Moss on steps 7 and 8 of the first year skirt; by Elaine Mager on poisons. Mrs. Robert Schweizer will give a cooking demonstration. Hostesses will be Marcia Schweizer and Nancy Smith.

45th Anniversary

Mr. and Mrs. Albert Steinberg were honored at a lawn party and dinner given Sunday, in celebration of their 45th wedding anniversary.

The affair was held at the home of their son and family, Mr. and Mrs. Chester Steinberg at New Lenox. Mrs. Steinberg was presented a corsage and her husband, a boutonniere from their children, the Chester Steinbergs and the Earl Bettenhausens who were the hostesses. A three tier wedding cake centered the table from which dinner was served.

A social afternoon, including some musical numbers was enjoyed by the 65 members present.

The honored couple received

a gift from the group who came from Chicago, Joliet, Manhattan, Frankfort, Green Garden, New Lenox, Lemont, Lockport and Orland Park.

The Busy Homemakers Bureau meeting was held Wednesday, July 3 at the home of Mrs. Joseph Scott in New Lenox. The major lesson was given by Mrs. Ray Walsh and Mrs. Harry Palmer, the topic, "Uses of Syndets and Detergents."

A meeting of the daily vacation Bible school workers, teachers and pastor, The Rev. John Vantrich, was held at the Methodist church last Thursday evening to evaluate the success of the school this year. After an elapse of 18 years of not having such a school, plans were made and all 50 children that attended expressed their wish for the school to continue each year hereafter.

The Jolly Nine club will have their annual picnic Sunday, July 14 at the Van Horns Woods.

The Green Garden Home Bureau will meet Friday, July 12, at the home of Mrs. Siegfried Beckman. The major lesson, "Use of Syndets and Chemical Water Softeners", will be given by Mrs. Earl Bettenhausen and Mrs. Albert Lembke.

Mrs. Donald Barlow the 4-H chairman of the Home Bureau will have charge of the minor lesson, which will be given by the Snip and Snack 4-H club of Green Garden.

The Women's Guild of St. John's E and R church at North Peotone will meet this Wednesday afternoon, July 3 at the church. Mrs. Reuben Schmidt will be the worship chairman and the topic will be in charge of Mrs. Vernon Werner. The topic will be, "By Faith and Prayer." Hostesses are Mrs. Norman Krumweide, Mrs. Wilbert Lauffer and Mrs. William Nagel.

Next Wednesday afternoon, July 10 the Women's Society of Christian Service of the Methodist church will hold their annual potluck picnic dinner beginning at 12:30 p.m. It will be held in Van Horns woods. Mrs. Elmer Morrison and Mrs. Siegfried Beckman are the fellowship chairman for July and August, and will have charge at this meeting.

A confirmation class with three members, Darlene Diment, Laura Lynn Bettenhausen and Raymond Simes has been organized at the Methodist church by the Rev. John Vantrich last Saturday the first session was held from 10 to 11 a.m. Others desiring to join may do so, by attending the meeting or contacting the pastor.

Green Garden Snip and Snack 4-H club are camping at 4-H camp Shaw-waw-nas-see this week. Those attending are Sandy Bettenhausen, Sharon Homering, Sally Lehnert, Sandra Nagel, Carol Waldhauser and Joyce Heisner.

Mrs. William Deist spent Sunday with Mrs. Lillian Roberts at Whiting, Ind.

Ralph Tiller, a superintendent of the L. E. Meyers Construction Co., has opened offices at Frankfort. He and his wife hope to be able to move to the village as soon as living quarters are available.

There are about 5,000 different languages in the world.

The Wayside Workers circle of King's Daughters will hold their annual picnic meeting in the church dining room at noon, Thursday, July 11. Each member is asked to bring her own table service, sandwiches and a dish to pass. At the June meeting, election of officers resulted in all last year's officers being re-elected. They are, president, Mrs. L. E. Storm; vice president, Mrs. Wilbur Francis, Sr.; treasurer, Mrs. H. Reed Burch, and secretary, Mrs. F. J. Paddock.

Eight members and four visitors were present at the missionary meeting Thursday, with Mrs. Emma West and Mrs. Charles Jensen entertaining. Mrs. Frank Parker, acting president, presided and Mrs. Iola Storm gave the devotional and mission lesson on American Indians. State projects were discussed and will be reported upon by several members at the July 25 meeting, which will be the picnic meeting.

Mrs. Fred Kopleman is a patient in Silver Cross hospital where she underwent major surgery last Wednesday.

Dale Anderson of New Lenox spent a few days in the John Mark home last week.

George Milton III spent the past week with his grandparents Mr. and Mrs. George Milton, Sr., while his mother, Mrs. George Milton, Jr., of Plainfield attended a convention in the east.

Gravel is being spread on

north Cedar Road, beginning at route 6, so that the residents of that area are looking forward to abandoning tractors as a means of transportation in the mud that has prevailed for the past several weeks.

Charles Ingram, Sr., is recuperating in Silver Cross hospital from severe injuries suffered in an auto accident on route 6 about two weeks ago.

Farm records of cattle feeders cooperating in the Farm Bureau Farm Management Service show that longfed good to choice yearlings sold during the year ending December 31, 1956, averaged \$48 a head above feed costs compared with \$8 for the previous year.

Mason Blames Deficit Spending For Devaluation of the Dollar

By Cong. N. M. MASON
One business man writes:
"A drastic cut in the 1958 budget, followed by a substantial reduction in our taxes, will make available additional monies for a greater spread of spending by the public. This will greatly improve our general economic condition and return to the government an amount greater than that represented by the tax cut."
"A glance at the following 20-year figures will convince us of the fallacy of our past conduct of 'Spend and Tax' or deficit spending to improve our economic situation."

U. S. Receipts	
1936	1956
\$4,068,836,689	68,141,000,000
Expenditures	
\$8,493,485,919	66,386,000,000
Public Debt	
\$33,778,543,494	272,750,813,749
Per Capita	
\$263.79	1,623.57

"The interest alone on this staggering debt at 3% amounts to \$8,182,524,409 — more than twice the amount of money the United States received in 1936. How much longer can we go with such unbusinesslike tactics? How long would the government permit a corporation to conduct itself in such a manner?"
(A sound letter from an experienced business man).

Interesting and Informative
The following tax facts are both interesting and informative. They deserve serious consideration.

(a) Total federal tax collections from Washington Truman — 163 years — (1789 to 1945) were \$244.1 billion.

(b) Total federal tax collections under Truman — 8 years — (1945 to 1953) were \$348.6 billion.

(c) Total federal tax collections under Eisenhower — 5 years — (1954 to 1958) were \$327.4 billion.

At the rate—an average of \$65 billion for each of the five years under Eisenhower and an average of \$44 billion for each of the eight years under Truman—what will the record be for the eight years under Eisenhower?

What Inflation Means
The value of the dollar has been cut in half during the last 20 years. In other words, it takes one dollar bought in 1937.

Deficit spending of the federal government during these 20 years is the chief cause of this inflation. The proposed two dollars today to buy what Eisenhower budget—\$71.8 billion—is more than twice as large as the Truman peace-time spending for 1947 which was \$33 billion.

Summed up, present inflation has been caused by New Deal-Fair Deal, Modern Republicanism free spending—spending of other people's money. Now both the President and the Vice President say the spending

should be continued.
Communists Repudiate Debt

The recent repudiation of their entire internal bonded debt by the Soviet government is typical of the way that government keeps its promises. Many countries have welshed on debts to other countries, but this is the first time any nation has by Executive Decree canceled or repudiated its bonds held by its own people—bonds it did not ask its people to buy, but bonds it forced its people to buy.

This dictatorial act by the Soviet government is, to say the least, an immoral, cruel act. It sets a bad example to the rest of the world of dictators. What one dictator can do and get by with, others can do also.

Sligh Takes Crack at Pose of Union Boss

The "favorite pose" of union leaders as defenders of democratic rights and champions of the people's interests "is wearing pretty thin," in the opinion of Charles R. Sligh, Jr., executive vice president of the National Association of Manufacturers. The comment was made in response to an attack by George Meany, AFY-CIO president, on the NAM and the U.S. Chamber of Commerce.

Mr. Meany discussing the business groups' support of right-to-work laws, said that NAM and the Chamber "have a record of opposing everything that improves the life of the people generally."

Mr. Sligh's statement follows:
Calls Him Absurd

"It is absurd for union leaders to continue to pose as the chief benefactors of the public and to claim all credit for the

rapidly rising standard of living and economic security which the American people enjoy.
"These improvements in the life of the people generally were not created over the collective bargaining table. Nor were they brought about by the costly strikes and excessive, inflationary wage demands which have been the chief contribution of the big international unions. The activities of many union leaders have been more of a hindrance than a help to economic progress.

"Improvement in the economic circumstances of the American people has come through the efforts of inventors, scientists and engineers—and the initiative, imagination and risk-taking of industrial management and investors, coupled with the skill and energies of American employees, in bringing the products of research into mass production and mass consumption.

'Favorite Pose'
"A favorite pose of union leadership is concern for the individual worker and his rights. But a sharp line is drawn when it comes to the worker's right of free choice in relation to membership or non-membership in a union.

"The AFL-CIO and its affiliated unions have been strong for the civil rights bill which is now before Congress. However, when some Senators offered an amendment which would include the right-to-work among the other rights protected by the bill, Senator Hennings, chairman of the subcommittee considering the bill, said this would be a 'kiss of death.' He

**Reliable
Accounting Service
For Small Business Men!**
Reasonable Monthly Rates
Tax Work Included
Robert Schweizer
Frankfort, Ill. Tel. 4621

implied that a right-to-work provision would turn union leaders against the entire civil rights proposal.

"If Senator Hennings, is correct—and Mr. Meany's statements indicate that he is—then union leadership's concern for civil and individual rights appears to be a matter of expediency only."

Perry, Maine is half way between the north pole and the equator.

ORLAND PARK

Mrs. Sherman Knox
Orland Park: Fieldbrook 9-0211

The Day Circle of the WSCS, Orland Park Methodist church met at the home of Mrs. Forrest Miller June 27. Mrs. Richard Yang assisted Mrs. Miller at the luncheon period.

Mrs. Sherman Knox and Mrs. Harvey Cooper were re elected chairman and secretary-treasurer, respectively, for another term. Hereafter officers will be elected to a two year term.

Mrs. Lester Sayers was appointed to be in charge of preparing articles to be made for the Christmas sale.

The next meeting will be held Thursday July 18 and will be a potluck dinner, at the home of Mrs. Lester Sayers. Those attending are to bring their own silverware. If weather permits, the dinner will be held on the lawn.

The Evening Circle of Orland Park Methodist WSCS will sponsor a Bowman Dairy luncheon to be held in the church dining room Wednesday, July 17 at 1 p. m. There will be a complete meal plus gifts of products. Make your reservation early to Mrs. Roy Loebe at the Realty office on 143rd st., as only 100 people per sitting can be accommodated.

The Ladies Aid of Christ Lutheran church held their regular Birthday group meeting Tuesday evening, July 2 instead of the scheduled date of July 4. The meeting will be held in the church school building at 8 pm.

The Cancer dressing group will meet Wednesday morning, July 3 at 10 a.m. in Wesley hall. Bring a sandwich and hostesses will serve coffee and dessert at noon. Even tho the Orland Park Woman's club sponsor this group, anyone interested in this worthwhile project is invited to join with the ladies.

Tom Barton, son of Mr. and Mrs. John Barton, has been selected to represent the Orland Park Post 526, the American Legion at Boys State. He left Sunday June 23, for Springfield where the sessions are held. The boys attending get lessons in civics. They also operate their own government, have campaigns and elections acquiring first hand knowledge of voting and

its responsibilities. Tom is with the Federalist party and will campaign for police magistrate. Will hear all about it when Tom returns.

Mr. and Mrs. Ray Myrick spent a week vacationing at Three Lakes, Wis. The first few days were beautiful and warm and the last days were quite cool and had to have heat.

Mr. and Mrs. Alvin Uthe and daughter Cheryl of Chicago were Sunday dinner guests of Mrs. Herman Nicolai and Mr. and Mrs. Herman Uthe, parents of Alvin.

Relatives of Mrs. Charles Nicolai were luncheon guests June 26 honoring her birthday.

Mrs. Sam Leavitt, daughter Kea and son John left via plane for a European tour. They will visit Ireland, England, Switzerland, France, Italy and Spain.

MARLEY

Mrs. Virginia Sass
New Lenox 3133

Mr. and Mrs. Dan Sass entertained at their home Sunday at a picnic. Guests were Mr. and Mrs. Fred Lauffer and Kenneth; Mr. and Mrs. Charles Sass and family; Mr. and Mrs. Louis Sass; Mr. and Mrs. Loren Sass and family; Miss Cora Hyink, James and Frank J. Liszt.

The Marley BYF enjoyed an outing Sunday at Clear Lake, Ind. There were 23 attending.

Mr. and Mrs. Jack Gardner and daughter Joan of California are visiting for a few weeks with relatives and friends here. Mr. and Mrs. Homer Sabin

and family of West Collinswood, N. J., are spending their two weeks vacation with his father, Harry Sabin and his sister, Mr. and Mrs. Francis Nelson.

Frank Liszt, Sr., spent the week-end with relatives at Allegon, Mich.

Communion will be served at the morning services in the Marley church this Sunday.

ALPINE

Mrs. E. Mrosek
Fieldbrook 9-2841

The Alpine Girls 4H club met at 8 pm. June 26, at the Maue school. The meeting opened with the pledge to the flag, with Marie Meier presiding.

Routine reports were given by Patsy Felsch, treasurer and Kay Maue, secretary.

Mrs. Stellwagen discussed achievement day which will be July 15; Keeping Fit day on July 17, and demonstration day on July 30.

Mrs. Stellwagen distributed the pink and yellow sheets to be filled out and handed in some time in August for Home Economics.

There were many demonstrations and talks. Kay Maue gave a talk on her project of poultry; Elaine Yunker gave a talk on a previous meeting on how to control electrical appliances. Janice Knieriem gave a talk on properly measuring. Sharon Lauffer gave a demonstration on one of her projects, flower arrangement, and Betty Stellwagen talked on hunting for fire hazards.

Refreshments were served by Elaine Yunker, Janice Knieriem and Joan Stellwagen. —Carla Mrosek, reporter.

HOME-COOLING OIL

Blowing hot and cold can be a good deal—when you're dealing with temperature. And the oil-fired, year-round air conditioner now ready for market will do just that. With the new burner, the first of its kind, you can heat or cool your home by a mere flip of the switch. Turning the heat on Winter woes or putting 'dog-day' discomfort on ice is no trick at all when you use safe, dependable home heating oil.

**Nothing gives your kitchen the modern look
like a modern electric range**

and nothing cooks cleaner, cooks cooler or cooks food faster!

Today's trend is to electricity—in the kitchen and in every other room of the modern home. Probably nothing reflects this trend better than today's electric ranges.

They're trim, attractive and easy to use. You get exactly the heat you select. No guesswork. And you'll cook everything from peas to pot roast,

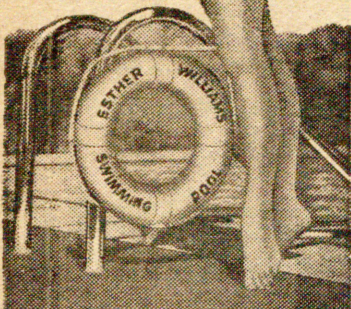

perfectly—first time you try.

You'll like a lot of other things your dealer has to show you about today's electric ranges (you'll also be surprised how easy it is to own one). And, no matter which model you choose, you can be sure it will be as modern in the years ahead as it is today.

The Band Boosters of the Lincoln-Way band, held their annual pot-luck picnic, July 26 at 7 p.m., in the picnic area behind the high school. Following the picnic, the band members attended the first summer session of the band, while the Band Boosters held their business meeting. The out-going officers received pins as a tribute to their services. Installation of new officers followed. They are president, Harold Doering; vice president, Mrs. Dorothy Staufenberg; secretary, Mrs. Chester Steinberg; and treasurer, Mrs. Harriet Swart. Mrs. Frank Camerillo is the new ways and means chairman, while the various district publicity chairman are: Mrs. Wilbur Francis, Manhattan; Mrs. Martin Miller, Frankfort; Garrett Swart, Mokena; and Mrs. Ruth Christian, New Lenox.

The members of the Thursday Nites group met June 20 in the home of Mrs. Betty Cleveland. A guest, Mrs. Petra Eggers, demonstrated making of artificial roses, and assisted the members in making one Mrs. Francine Wilmoth and Mrs. Carol Stellar joined the club at this meeting.

Mrs. Arlene Walsh and Mrs. Mildred Erickson were awarded prizes. The group will hold their July meeting at the home of Mrs. Doris Krohn.

Twenty-six Cub Scouts from Pack 8 enjoyed a day of camping at the Boy Scout reservation at Morris. Instruction in riflery, archery, boating, and general Scout craft, a picnic lunch and an hour of swimming all added up to a thoroughly enjoyable day.

Pvt. Jeremiah Slick, Jr., whose parents reside on East Cooper st. recently began six months of active military training under the Reserve Forces act program at Ft. Leonard Wood, Mo. Slick is receiving eight weeks of basic combat training, which will be followed by advanced individual and unit training. After completion of the six month tour of active duty, he will spend the remainder of his military service in the 259th ordnance company, at Joliet.

Mrs. Emil Reckemer, Mrs. Blanche May, Mrs. Earl Schroeder and daughter Sharman and Bonnie, and Mrs. Len Anderson and Miss Dotte Jean Anderson spent Friday in Saugatuck, Mich., with Mr. and Mrs. A. W. Walsh to celebrate the birthday anniversary of Mrs. Walsh.

The New Lenox Unit of Home Bureau did not hold their regular meeting in June. They held a short business meeting after the district meeting on June 7. They will meet next on July 26. The Evening circle of the Methodist church will not meet during the summer months, but will convene again in September.

The members of the Royal Neighbors will hold their annual picnic Wednesday, July 10 in the Lions Den. Dinner will be served at 12:30 o'clock.

The Woman's Guild of Grace Episcopal church will meet on Thursday, July 11 at the home of Mrs. Lou Tovrog, with Mrs. Algot Peterson assisting hostess. Plans will be made for the annual carnival to be held on the church lawn, Saturday night, July 20.

The VFW Auxiliary to post 9545 will meet Friday night, July 12.

Members of the Holy Name society of St. Jude Catholic church will meet July 9 in the parish hall.

IN SOLITARY—FOR LIFE

Abandoned oil wells are being studied as possible burying grounds for dangerous waste products of the atomic industry. Pumping hot liquid wastes into wells 5,000 feet and deeper would presumably jail and guard lethal atomic rays where they could not contaminate drinking water and other natural resources. On problems connected with progress or safety, the oil and atomic industries work together to the best advantage of the American people.

If you are interested in producing higher quality pork, you may want to attend one of the 10 Boar Testing Station field summer.

LINCOLNWOOD

Dolores Anderson,
phone 3651 New Lenox

Members of the Busy Hour 4H club met June 26 at the home of Carolyn Taylor. The president Joyce Smith opened the meeting with the 4H pledge. There were eight members present.

Betty Jane Malloy was a guest. Barbara Taylor demonstrated how to shrink material. Leader Mrs. Alice Chestnut gave the girls their assignments for the next meeting July 10, at Schmuhl school at 7 pm.

Day camping was reviewed and future plans were discussed. The meeting adjourned at 9:45 and refreshments were served by Carolyn Taylor assisted by her grandmother.

Mr. and Mrs. Marcel Halik and daughter Millicent spent Saturday at Michiana shores in Michigan with Mr. and Mrs. Edward Sesney.

The Misses Millicent Halik, Barbara Taylor and Judith Owen left Monday to spend this week at 4H Camp Shaw wa na see at Kankakee. They will return Friday afternoon.

Miss Marie Robinson of Michigan is visiting here for several days with her cousins, Mr. and Mrs. Ronald Crisman and family.

Cub Scout pack 41 held their monthly Pack meeting and a weiner roast Tuesday night at Van Horn woods. Supper was served at 6:30. A Lion arrow award was presented to Eddie Meyers, and games were played after the meeting.

George Cortright, Pack committeeman presented the group with its new charter. Meetings were changed to Saturdays from 3 to 4 o'clock, with Mrs. Marion Pokorny as Den mother, and Mrs. Irene Cortright, assistant.

Mr. and Mrs. George Wadlow and family moved last Tuesday to Colorado Springs, Colo. where they formerly resided.

Laguna Woods

Mrs. Robert Anderson

the large pond. The latest equipment purchased was a 15,000 gallon pump which was tested.

Mrs. M. McBride had a Koffee Klotch Wednesday afternoon and all of the ladies of Laguna were invited. Mrs. McBride drew the invitations—a cup on a saucer—and typed the time of her coffee on them and distributed them thru out the woods. Mrs. Hall and Mrs. Aiello met quite a few of their neighbors who they hadn't seen before.

Charles Harris celebrated his eleventh birthday June 27, with a lawn party. The children had hot dogs cooked out side by Mr. Anderson, Kool Aid and birthday cake. After lunch the children played games on the lawn, supervised by Mr. and Mrs. Anderson and Mrs. Yomans. Charles' fellow Cub Scouts from Den 3 and their den mother Mrs. Yomans attended the party as did many of his Laguna play mates and school buddie John Snyder who lives on 82nd ave. Scott Woodbury of Des Plaines and Penny Howe of Palos Heights attended the party. Barry Thompson, a buddy from Chicago whose schools are not out until Friday, and Charles grand parents Mr. and Mrs. Hunter and Mrs. M. Anderson spent the evening with Charles and his parents.

Last week was a hectic one for Mrs. Hegyi. Monday the 24th, Karen, one of the twins, was taken to St. Francis hospital in Blue Island to have a fish hook removed from her face and a few days later Norman stepped on a nail which went thru his tennis shoe and into his foot. Both children are fine. Karen had the stitch removed from her face in Dr. Leavitt's office Saturday afternoon.

Sunday many of the neighbors met at St. Michael's fair. Mrs. McBride was working at her toy booth.

Wear rubber gloves when you handle cattle with ringworm, advises a University of Illinois veterinarian, because the disease can spread easily from infected animals to people working closely with them.

Greater participation by parents in the Boy Scouting program was among the plans and objectives layed at the annual planning conference of Rainbow Council, Boy Scouts of America held last week at the scout reservation near Morris.

Scout leaders attribute the phenomenal growth of the cub scouting program to the fact that it is a program in which the whole family participates. Plans for carrying the same participation of parents into the Boy Scouting program for boys between the ages of 11 and 14 are now being developed.

Every patrol of six or eight boys is to have a patrol dad's club which will cooperate in the program of the program of the patrol. Every troop will have a troop mothers' auxiliary.

Complete plans for this new development will be presented at a Baden-Powell Planning Conference scheduled for Sept. 29. Also scheduled are a Baden-Powell explorer conference Oct. 13 and a Baden-Powell cubbing pow wow Oct. 27.

Warden is Speaker

Warden Joseph E. Ragen of the Illinois state penitentiary was the dinner speaker. He challenged the scouters to do such a good job of character building and citizenship training that penal institutions like Stateville would no longer be necessary. He said that during a ten year period approximately 25,000 prisoners had been asked if they had ever been boy scouts and only fifteen answered that they had.

Vice president Ralph Murphy, Joliet, presided over the dinner session and introduced Warden Ragen.

Vice president Frank Condon of Morris presided over the afternoon session starting at 2:30 p.m. Scout Executive Frank Geiger outlined general objectives and plans for the coming year.

Operating committee group meetings were held under the chairmanship of Edward P. Murphy, commissioner; Russell Dagon, organization and extension; Edward E. Rinehart, leadership training; William C. Howard, advancement; William G. Hess, Jr., camping and activities; Dr. Michael Scarpetto, health and safety; and Henry L. Dean, finance.

Chairmen Report

The evening session was devoted to development of the calendar and the new program year beginning Sept. 1. Vice president Everett Wilken of Bradley presided. Committee calendars were presented by the committee chairmen named above. The Rev. Henry Wilkening of Lockport presented the Catholic church scouting calendar. The Rev. Harold Hall of Kankakee presented the Protestant church scouting calendar. Mr. Condon presented the Rainbow Council calendar; Francis Detweiler, Kankakee; the Kankakee Trails District calendar; Robert Leckrone, Lockport; the Louis Joliet District calendar; and Everett Lois, Morris, the Shabbona District calendar.

Mr. Condon was elected to membership on the National Council, Boy Scouts of America as an official representative from the Rainbow council. Other National Council members from this area are Clarence Bergeron of Kankakee, Morton H. Hollingsworth of Joliet, a member of Gov. Stratton's cabinet, and

Alfred C. Levering of Joliet.

James G. George was elected to membership on the Rainbow Council. Mr. George is army-scout liaison officer for the Joliet Arsenal. His recent appointment to this position at the Arsenal was in accordance with a department of defense order directing all military installations to appoint an officer to this position.

Organ music by Edward Volmer, Plainfield accompanied the dinner period and preluded each of the sessions. Assistant Scout Executive Harold C. Johnson had charge of the dinner and physical arrangements. Field Executive Paul Tikalsky was in charge of morale activities. Field Executive Carl Stewig and Walter Johnson were assisted by members of the camp staff in conducting a tour of camp. Gaylord Bale of Joliet had charge of registrations.

Holds Pay-Off Pinball Machines Same as 'Slots'

(CNS) The Internal revenue service flexed its muscles last week by announcing that starting July 1 all pinball games used for pay-offs will need a \$250 federal gaming stamp instead of a \$10 amusement device stamp, and at the same time filed six criminal informations including three against Cook county tavern operators, based on pinball gaming raids over a year ago.

The reason for the optimism was a U. S. supreme court ruling on June 17, affirming the \$750 fine imposed against Walter Korpan, Lake county tavern owner, by U. S. District Judge John P. Barnes, in a test pinball case a year ago. The U. S. court of appeals here had reversed Judge Barnes, but was itself reversed.

On in Oak Forest

Those named in the new complaints, which carry a maximum penalty of one year in jail and \$10,000 fine, were: Lawrence J. Randa, Randa's Tap, 5818 Cermak, Cicero; Frank Zeimet, Fat's Halfway House, 16230 S. Cicero ave., Oak Forest; Matthew Little, Matt's Little's Lounge, Route 7 and Harlem ave., Worth; Martin Stack, sFosland's Service station, Route 41, and state line; Earl Richards, Hi-Way lunch, 21st and Sheridan, Zion, and George Clarke Woods and Steve Kalanovsky, Club 13, at 1814-16 West Washington st., Waukegan.

The supreme court, in an opinion by Justice Black, upheld the IRS interpretation of the \$250-taxed gaming machine defined

in the law as follows:

"Used for Gambling"

"So-called slot machines which operate by means of insertion of a coin, token, or similar object and which by application of the element of chance may deliver or entitle a person playing or operating the machine to receive cash, premiums, merchandise, or tokens."

This does not mean, as pinball machine makers have contended, that the law applies only to "one-armed bandits," the court stated.

"Ingenuity, a desire to avoid taxes, and technological progress provides a multitude of new devices which permit substantially the same kind of gambling, but with a different kind of coin-operated machine," the opinion said. "We are convinced congress had no such purpose and meant only to distinguish between slot machines operated as gambling devices and slot machines used exclusively for amusement."

Cash Pays off Means Cash

Assistant U. S. Attorney Donald Lonchar said any operator who redeems "free plays" with anything but free plays is liable for the \$250 per machine annual tax.

During the fiscal year ending June 30, while the Korpan case has been on appeal, 290 locations in the 26 counties of northern Illinois have bought gaming stamps, including 81 in McHenry, 79 in Cook, and 40 in Kankakee county. The preceding year, when the first enforcement was had in Lake and McHenry counties, 677 locations were licensed, including 312 in Lake, which has five now, 112 in McHenry, 99 in Cook, 64 in Kankakee.

3 Drug Peddlers Plead Guilty; Get Prison Terms

(CNS)—Three alleged dope peddlers against whom federal narcotic agents used a full array of hidden microphones and recorders and radioes to prove a sale to an addict serving as special government employee,

gave up hope and pleaded guilty this week before U. S. District Judge Julius J. Hoffman. The government had reached its eighth witness in the trial which started June 17 before a jury.

Judge Hoffman immediately meted out sentences of ten years each, which is the minimum for second offenders, together with a fine of \$2,000 against Sam Serrtella, 35, of 2803 Lexington, Hazel Crest, and \$1,500 fine against Nathan Chiarelli, 33 years old, 6339 South Laflin. Both became eligible through previous five year sentences in 1951 for peddling.

The third defendant, who had no narcotic record, was sentenced to five years and fined \$1,000. He is Salvatore Nugara, 29, of 2434 Princeton ave.

The jury heard a recording, larded with dope peddling slang and obscenity, taken from a mike concealed in the TV set in the addict's apartment at 7015 State street on Oct. 1, 1956. The recorder was operated by an agent in the basement. The addict had a broadcasting radio concealed under his cot, whereby an agent in a car outside could hear the conversation.

The three men were described

as "important national violators" by Assistant U. S. Attorney Albert F. Manion.

In 1956, 58,160 total wells and 31,100 oil wells were completed in the United States. This rate of drilling maintained over a decade should develop more than 40 billion barrels of new oil.

Business and Finance

Maurice P. Angland

When the consumer market for TV receivers became saturated and manufacturing firms on a highly competitive basis, those manufacturers without a wide and closely knit dealer organization, found themselves in trouble. Those firms with only radio and TV equipment to attract and keep dealer organizations, found they were losing these very necessary outlets to those manufacturers with additional appliance items which were supported by an aggressive sales propaganda program. As is usual, manufacturers who were losing their position in sales, tried to regain this position thru cutting prices. The result was all manufacturers were cutting prices and finally losing money on their TV manufacturing activities.

At this time there are only 32 out of a total of 101 producers a few years ago. Eleven of those remaining account for most of today's business in TV receivers.

A number of firms with profitable activities in other than TV receiver manufacture, were losing most or all of corporate profits in their efforts to be successful competitors for the TV receiver sales dollar.

A few of the larger firms losing money on their TV and home appliance items, discontinued manufacture of these items and the firms are now showing a definite recovery in their ability to show earning power and growth in their other activities.

AVCO MFG. Avco discontinued its line of radio, TV and home appliances on November 30, 1956. Improved earning results were immediate. Earnings reports indicate that the company will earn about \$1.50 per share in 1957 and possibly go on a dividend basis. The company showed a deficit of \$1.84 per share in 1955. Company has a backlog of \$340 million in business which includes contracts for aircraft parts, torpedoes, fire control apparatus, and guided missile development work. Company also owns and operates one radio and TV broadcasting station. Avco common stock is presently about 6 7/8.

Raytheon Mfg. TV and radio sets accounted for about 11 per cent of company's sales. This part of the business was sold to Admiral Corp. for about \$2 million dollars on May 28, 1956. Assets sold were two plants in Chicago and the inventory of finished radio and TV receivers.

Elimination of the unprofitable radio and TV operations, had a prompt reversal of earnings. The company's earnings should now be in the uptrend. Company earned 40c per share for the first quarter of 1957. Company's sales are heavily dependent on military business, but the company's special purpose tubes for guided missiles and other electronic devices are expected to be in good demand for some years. This company is reputed to have an especially able and aggressive research staff. Common stock market value is about 21 1/2.

Stewart-Warner. This company got out of TV, phonographs and radio manufacture on Dec. 26, 1954. It has therefore had two years to benefit from discontinuance of unprofitable lines. Profits rose from \$2.05 per share in 1954, to \$4.27 in 1955 and \$4.41 in 1956. A further gain is expected in 1957.

Company's sales of electronic items include complex systems

for the military which is 30 per cent of total sales. Otherwise the company's business is broadly diversified. Common stock market value about \$40.00.

National Tea Sales Show Gain

After a fractional dip in sales in the previous period, which proved to be only a brief interruption in the company's long string of increases, National Tea Co. sales were again on the upward trend, as the second quarter ended, according to announcement by H. V. McNamara, president.

Consolidated sales of National Tea Co. and subsidiaries for 4 weeks period ending June 15, totaled \$52,069,579, which was an increase of \$4,529,998, for a gain of 9.53 per cent over the same period of 1956, when sales were reported at \$47,539,581.

Ahead of Year Ago

Year to date sales for 24 weeks ending June 15 are likewise well ahead of a year ago, totaling \$291,945,688, as compared with \$279,635,018 for the corresponding weeks of 1956. This brings to a total of \$12,310,670, National Tea Co.'s increase for the first two quarters, which is a gain of 4.4 per cent over the previous year.

In commenting on National Tea Co.'s sales trend, McNamara stated: "While our sales picture has been improved considerably by the acquisition of our Denver Branch of Miller's Super Markets, the sales of which have been included in our report for the first time, sales of the National Tea Co. branches, as they existed prior to this new acquisition, were likewise ahead of a year ago for the period as well as for the year to date. We likewise expect to report a very satisfactory increase of earnings for the first two quarters with all of our former branches, as well as our new Denver branch contributing to our improvement in sales and profits." Stores in operation as of June 15, 1957 totaled 783, including 27 stores in the new Denver branch, as compared with 756 stores operated at this time last year.

Stock Can Ruin Windbreak Trees

Permanently fence off windbreaks to keep livestock out.

L. B. Culver, extension forester at the University of Illinois College of Agriculture, says that livestock tramp down the soil around windbreak trees. This may kill the young trees by keeping the water and air away from the roots. At the same time, animals break branches and browse foliage as far as they can reach.

You can help young windbreaks along by using ground

cobs, wood chips, sawdust, peat moss or straw for mulch. A heavy mulch helps to keep moisture in the soil and keep down weeds. Mow grass or weeds that grow between the trees, and cut out any forks so that each tree has only a single stem.

If drouth hits your area and your young windbreak still suffers from lack of moisture, you can irrigate with 30 to 50 gallons of water for each tree if you have that much extra water.

Reduce pest damage with a lead arsenate spray for bagworm. Mix 4-6 pounds of lead arsenate in each 100 gallons of water, and apply while worms are still young. For red spider mite control, spray with a miticide, such as Aramite, Dow spray, or Dimite, according to the manufacturer's directions.

A University of Illinois agronomist says that if you have to delay planting corn or soybeans until after June 20-25, it will be a good idea to shift to an earlier variety than you normally would have planted.

Torrential Rains Cause Flash Floods in Area

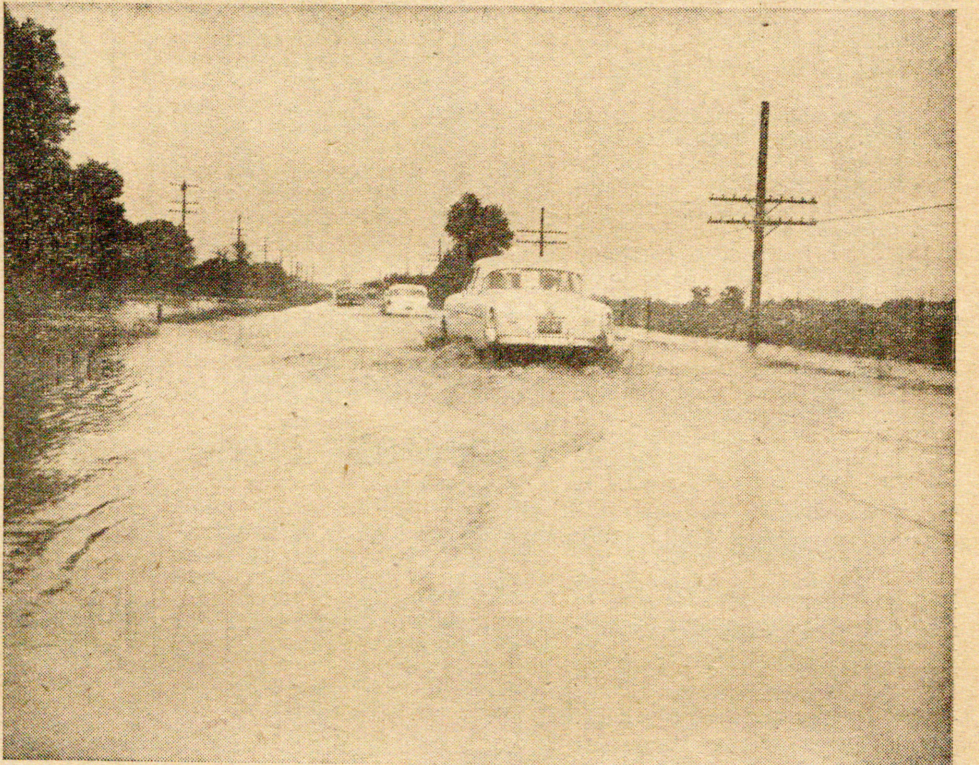

HICKORY CREEK OVERFLOWS—Usually a trickle, Hickory creek was a torrent Friday and went over its banks at New Lenox and spread over Cedar road north of the Rock Island tracks. (Marvin Smith photo).

GOOD BOATING—7-year-old Ernest McHugh, of Spencer, Ia., who is visiting the Howard Tomlinson family at Tinley Park, found the curb-to-curb stretch of water at 173rd Pl. and 69th ave., good for boating. Incidentally his craft withstood that wave coming in. (Marvin Smith photo).

WET GROUNDS, NO WORK—Until the waters went down in this field off 159th st., east of U.S. 45, the cultivator and tractor shown here remained idle. It could have gathered some rust. (Marvin Smith photo).

SLOWS TRAFFIC—the water poured from fields and ditches onto U.S. 30 near Frankfort, slowing traffic and making drivers wonder whether their car engines would weather the wet. (Marvin Smith photo).

NOT A LAKE—just a portion of U.S. 6 near junction with Wolf road. Route 6 was under water—hub deep—in many sections Friday so that one couldn't see where the highway left off and the shoulder and ditch began. (Marvin Smith photo)

DEEP ENOUGH TO FLOAT A BOAT—was the water that surrounded a gas station at the junction of U.S. 6 and Wolf rd. Enjoying this unusual pastime of floating where they heretofore have walked, are James (left) and Ronald Semetis, brothers. (Marvin Smith photo).
